

City Council Report

Date: January 12, 2026
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Kristy Garcia, Procurement Administrator
Subject: Thirteen-Month Use of a Cooperative Term Contract for Trenchless Technology Rehab and Related Products and Services for the Water Resources Department (**Citywide**)

Recommendation

Council is requested to approve the award as recommended.

The Water Resources Department and Procurement Services recommend authorizing the purchase using the Omnia Partners cooperative contract with SAK Construction, LLC at \$1,000,000 annually.

Background / Discussion

This contract is for trenchless rehabilitation services for wastewater piping which include cured-in-place pipe (CIPP) lining and pipe bursting to extend the life of aging underground infrastructure. This approach minimizes cost, time, and community disruption compared to traditional methods, supporting sustainable asset management and operational efficiency. SAK's self-performed work, specialized expertise, and nationwide reach ensure high-quality results and streamlined project delivery.

The Omnia Partners cooperative contract has been competitively bid and meets the City's procurement requirements. Utilizing the Omnia Partners contract allows the City to receive competitive rates based on a formally solicited agreement. The City plans to issue its own solicitation in late 2026.

Purchase Information
