## Recommendation

Council is requested to approve the award as recommended.

The Transportation Department and Procurement Services recommend awarding the contract to the lowest, responsive, and responsible bidder, OLS Restoration, Inc., in an amount not to exceed \$118,149 annually, with an annual increase allowance of up to 5% or the adjusted Consumer Price Index.

## Background / Discussion

The City maintains approximately 45,968 streetlights, of which 4,961 are painted. Most poles are made from galvanized steel or aluminum, which are designed to remain unpainted. Whether a pole is painted depends on its material, age, and intended use. Painted poles are typically decorative streetlights or 400 series square brown poles and are generally repainted every seven to eight years.

This contract covers streetlight painting services, including the preparation, painting, and restoration of existing streetlight poles, luminaires, arms, cabinets, and related accessories. Work will be performed at designated locations, with additional services provided on an as needed, where needed basis. The City does not supply materials or labor for these services.
