

City Council Report

Date: August 17, 2026
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Kristy Garcia, Procurement Administrator
Subject: Three-Year Term Contract with Two-Year Renewal Options for Gas Meters (500 Class Diaphragm, 8C Rotary and 10C Rotary) for the Materials and Supply Warehouse (for the Energy Resources Department) **(Citywide)**

Recommendation

Council is requested to approve the award as recommended.

The Business Services and Energy Resources Departments and Procurement Services recommend awarding the contract to the lowest, responsive, and responsible bidders, Measurement Control Systems, Inc.; Meter Valve & Control, Inc.; NGS Cayman Holdings, L.P. dba Natural Gas Solutions North America, LLC; and Western Gas Technologies, Inc., in a combined total amount not to exceed \$1,275,000 annually, with an annual increase allowance of up to 5% or the adjusted Producer Price Index.

Background / Discussion

This contract will provide large capacity gas meters (500 class diaphragm, 8C and 10C rotary) per specifications used in the City's natural gas distribution systems for the purpose of billing customer gas usage. These meters are for new construction projects and maintenance and repair of existing utilities.

Multiple awards are recommended to respond to ongoing supply chain issues, the need for different brand products, and because all bidders did not bid on all items.
