This request is for the proposed development of lots 141-38-009K; -009F; -009M & -009H as single user under one ownership.

By providing opportunities for citizen participation, the applicant has ensured that those affected by this application have had an adequate opportunity to learn about and comment on the proposed plan. The applicant provided neighborhood notice for a neighborhood meeting and future public hearings. The format proposed is consistent with the City's notice with updated guidelines for the Citizen Participation and Neighborhood Outreach process for site plan review cases.

Action Plan:

To provide effective citizen participation in conjunction with this application, the following actions have been taken to provide opportunities to understand and address any real or perceived impacts that members of the community may have relating to the proposed development:

1. A contact list was developed for citizens and agencies in this area including:
 - a. Interested neighbors – focused on 1000+ feet from parent parcel, but may include more (provided by the City);
 - b. Registered neighborhood associations within 1 mile of the subject property and Homeowners Associations within 1/2 mile of the project (list of any associations to be provided by the City).

2. The notification list for the public meeting will include the above-referenced contact list of all property owners within 1000+ ft. of the subject property, HOAs within ½ mile, and neighborhood associations within 1 mile (The HOAs and registered neighborhood contact lists provided by the City of Mesa). A copy of the notification letter for the neighborhood meeting and contact list is attached to this Report.
3. The notice letter listed the options for contacting the applicant by phone to ask questions, comment on the request, and receive feedback from the applicant. This procedure allowed the neighbors to view the project details and contact the applicant regarding the project.
4. Those who provided contact information to the applicant were added to the public hearing notification list. A summary of the comments and issues provided to the applicant are attached to this Report.
5. For public hearing notice, the applicant has complied with City requirements, which required posting a minimum of one (1) 4' x 4' sign(s) on the property. The sign(s) will be placed on the property on or before the Wednesday two weeks prior to the Planning & Zoning Board meeting in accordance with City requirements. My Name is Kyle Metcalf and I am a resident of 3845 N Higley Rd. I oppose the revised development plan for multiple reasons. The setbacks and site walls that were agreed upon in 2007, as the area was being rezoned from RS90 to M1 light industrial, are not being upheld and seemed to be ignored. Traffic is a concern by deleting a through street from Higley to 54th St. Drainage is an issue; The original plan had water retention and drainage on the Northern boundary. The 8 ft site walls are a must along our property line.

This site was approved by City Council in 2007, for industrial development of 8 lots, there was a through street from Higley to 54thSt on the southern boundary, and the completion of 54thSt. The Northern Boundary had water retention with 8 ft site wall. Drainage, site walls and the completion of 54thSt are important. Eight high density industrial condos and Jim's water trucks stored in the back is a far cry from the original plan. I can understand why Jim wants to get his water trucks out of his backyard on 54thSt. I do not support the revisions as proposed.

As a resident of 3845 N Higley road, I oppose the new revisions of the development next to our property. There are better locations and infrastructure for the proposed industrial condos. The design and scale of this proposed high-density build does not belong in this area of the Falcon district.
