Mayor's Welcome.

Mayor Giles conducted a roll call.

Mayor Giles led a moment of silence, followed by the Pledge of Allegiance.

Awards, recognitions, and announcements.

Mayor Giles introduced Victim Services Administrators Lindsey Kircher and Shelly Ward and proclaimed October as Domestic Violence Awareness Month. He stated that throughout October, Mesa would reaffirm its dedication to building a community where no one suffers the hurt and hardship that domestic violence causes and recommits to upholding the basic human right to be free from violence and abuse.

Ms. Ward stated the Mesa Prosecutor's Office, Police Department, and Family Advocacy Center are hosting the 5th Annual Domestic Violence Awareness Night on Wednesday, October 19th, at 5:30 p.m., at Pioneer Park in Mesa. She commented that the event brings together city officials, domestic violence survivors, and community members to discuss the impacts of domestic violence and what can collectively be done to provide support. She highlighted the event's keynote speaker Jessica Nicely, founder of Winged Hope Family Advocacy Foundation.

Ms. Kircher stated domestic violence thrives in silence, and community members can support victims by speaking openly and having informed conversations. She remarked domestic violence is more than physical violence; it is systematic abuse through power and control in the most vital aspects of a victim's life. She thanked Mayor and Council for their support and for helping to end the silence by expanding the conversation for all members of our community and standing behind victims and survivors. She commented that this sends the message that we see you, hear you, and are here to help.

4. Take action on the following contracts:

- *4-a. Dollar-Limit Increase to the Three-Year Term Contract with Two Years of Renewal Options for Printing and Mailing of Publicity Pamphlets for the City Clerk's Office.
(Citywide)

The General Election printing and mailing costs were significantly more than estimated. There were more pages in the pamphlet than originally expected and it was less expensive to have the vendor mail the pamphlets than being mailed by the City. In addition to the increased cost of these planned expenses, unexpected costs were incurred due to the late mailing of the pamphlets. Some of the added expenses will be recovered from the vendor.

The City Clerk's Office and Purchasing recommend increasing the dollar-limit with Cereus Graphics, Inc., Years 1 through 3, by \$102,000, from \$60,000 to \$162,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-b. Dollar-Limit Increase to the Term Contract for 3M Radio Frequency Identification (RFID) Equipment and Maintenance for the Library Services Department (Sole Source).
(Citywide)

This contract provides for the labor, parts, and equipment modifications to maintain 3M RFID equipment at all Mesa library branches. RFID automates the check-in/out process, which is a staff-intensive process, using 3M RFID tags, security gates, automated materials handling equipment, and self-checkout upgrade kits. The increase is for the completion and ongoing costs of an additional mini library housed at the new Monterey Park, scheduled to open in the summer of 2023.

The Library Services Department and Purchasing recommend increasing the dollar-limit with Bibliotheca LLC by \$140,000 from \$440,000 to \$580,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-c. See: Items not on the Consent Agenda.

- *4-d. Three-Year Term Contract with Two Years of Renewal Options for Playground and Aquatic Facility Poured in Place Surfacing and Synthetic Turf Repairs, Maintenance and Installation for the Parks, Recreation and Community Facilities Department (PRCF).
(Citywide)

PRCF currently operates and maintains forty park playground systems, one splash pad, and four slide entries at the City's aquatic facilities that contain poured-in-place unitary surfacing. This contract will allow PRCF to maintain existing and future locations at ASTM standards.

An evaluation committee recommends awarding the contract to the highest scored proposal from FlexGround, LLC, at \$540,500 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-e. Use of a Cooperative Contract for the purchase of 12 Police Motorcycles (Replacements) for the Mesa Police Department. **(Citywide)**

This purchase will replace motorcycles that are no longer operating at peak performance and continue to degrade.

The Mesa Police Department, Fleet Services Department, and Purchasing recommend authorizing the purchase using the Arizona State cooperative contract with LZ Delta, LLC, dba GO AZ Motorcycles, at \$348,012. This purchase is funded by the Capital General Fund.

- *4-f. Dollar-Limit Increase to the Three-Year Term Contract with Two Years of Renewal Options for Cleaning and Repair of Fire Personal Protective Equipment for the Mesa Medical and Fire Department. **(Citywide)**

This contract provides for the annual cleaning, inspection, and repair of Fire Personal Protective Equipment (PPE) to include all turnouts, gloves, hoods, and boots for all members of the Mesa Fire and Medical Department. Cleaning and repairs are completed annually on Fire PPE per National Fire Protection Association Standard. The dollar-limit increase is needed for additional services, rental of turnout gear, being added to the contract.

The Fire and Medical Department and Purchasing recommend increasing the dollar-limit with Arizona Personal Protective Equipment Recon, Inc. Years 1 through 3, by \$48,600 annually, from \$760,000 to \$808,600 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-g. Ratification of an Emergency Purchase Using a Cooperative Contract for Six Fire Apparatus Column Lifts (All Replacements) for the Mesa Fire and Medical Department (MFMD). **(Citywide)**

This emergency purchase provided six apparatus column lifts to replace worn-out and failing current lifts. MFMD requested the emergency purchase of these new lifts as they are the only department in Arizona with current column lifts; parts are manufactured out of the country and this delay is keeping units down and unavailable with no delivery date foreseen.

The Fire and Medical Department and Purchasing recommend ratifying the purchase using the State of Arizona cooperative contract with Mohawk Resources, LLC, at \$93,628.72. This purchase is funded by Capital - General Fund.

- *4-h. Purchase of One Compact Track Loader (Addition) for the Transportation Department (as requested by the Fleet Services Department). **(Citywide)**

This purchase will provide a versatile compact loader for the Transportation Department's Asphalt work group. This multi-purpose skid steer will be used in smaller areas where larger milling machines cannot fit while performing asphalt repairs. It can also be used for smaller asphalt repairs that do not require substantial areas of milling.

The Fleet Services and Transportation Departments and Purchasing recommend authorizing the purchase using the State of Arizona cooperative contract with Empire CAT (a Mesa business), at \$134,166.21. This purchase is funded by the Local Streets Fund.

- *4-i. Dollar-Limit Increase to the Term Contract with Two Years of Renewal Options for Light-Duty and Police Vehicle Maintenance and Repair Services for the Fleet Services Department. **(Citywide)**

On February 7, 2021, Council approved increases to this Term Contract due to rising costs, the increasing age of the fleet, growth of the City's fleet, and the need to perform more repair work with outside vendors due to staffing shortages. The City continues to see these trends and as such, estimates additional funding is needed to cover expenditures for Year 3. Fleet Services also anticipates Years 4 and 5 expenditures to be at the same level of spending.

The Fleet Services Department and Purchasing recommend increasing the dollar-limit with Larry H Miller Ford Mesa (a Mesa business); B&T Vivian Investment Company LLC, dba Thompson's Auto Repair & Towing (a Mesa business); Viking Auto Repair dba Dave's Auto Repair Clinic (a Mesa business); Friendly Auto Centers, LLC (a Mesa business); and Henry Brown Buick GMC, from \$375,000 to \$600,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-j. Dollar-Limit Increase to the Term Contract for Heavy-Duty OEM Cab/Chassis Parts for the Fleet Services Department. **(Citywide)**

This contract provides heavy-duty Original Equipment Manufacturer cab/chassis parts to maintain the City's assorted fleet of approximately 175 medium- and heavy-duty vehicles. As the cost of parts and repair activities have increased due to the age and growth of the fleet, the department is requesting an increase to cover final invoicing costs of Year 3, in addition to the remaining contract Years 4 through 5.

The Fleet Services Department and Purchasing recommend increasing the dollar-limit with Rush Truck Centers of Arizona, dba Rush Truck Center Phoenix; Freightliner of Arizona, LLC, dba Velocity Truck Centers; Inland Kenworth, Inc.; RWC International, dba RWC Group; and Cummins Inc., dba Cummins Sales and Service (a Mesa Business); by \$100,000, from \$725,000 to \$825,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-k. Ratification of an Emergency Purchase of 27 and Authorization to Purchase 36 Additional Electrical Transformers for the Energy Resources Department. **(Citywide)**

Due to supply chain concerns with their electrical equipment supply, Energy Resources requested emergency authorization to make a substantial purchase of electrical transformers to refill inventory until things stabilize further. The emergency authorization for the purchase of 63 transformers for \$1,498,864 is necessary to meet record customer and system load growth with rapidly escalating pricing. SRP provided 27 of the 63 transformers needed for \$235,515.33.

The Energy Resources Department and Purchasing recommend ratifying the emergency purchase with SRP, at \$235,515.33, and authorizing future purchases with various qualified vendors, at \$1,263,348.67, for the combined total of \$1,498,864.

- *4-l. Six-Year Term Contract with Four Years of Renewal Options for Liquid Argon Gas and Tank Rental for the Water Resources Department (Single Proposal Response). **(Citywide)**

This contract will provide liquid argon gas delivery and mini bulk tank rental services. Argon gas is used to operate the two metals analyzers in the Water Resources Compliance Lab.

An evaluation committee recommends awarding the contract to the sole responsive respondent from Air Products and Chemicals, Inc., at \$50,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-m. Use of Cooperative Contracts for Term Contracts with Renewal Options for Utility Carts for the Water Resources Department. **(Citywide)**

The Water Resources Department currently has 40 utility carts in service to support daily operations at its three water reclamation plants and two water treatment plants. The department is planning to replace two utility carts this fiscal year. This contract will allow the department to address lifecycle replacement and future needs over the next several years.

The Water Resources Department and Purchasing recommend authorizing the purchase using the Omnia Partners Region 4 ESC TX and City of Kansas City cooperative contracts with: E-Z Go Division of Textron, Inc.; Columbia Vehicle Group, Inc.; and Club Car, LLC, at \$50,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-n. Use of a Cooperative Contract for a Four-Month Term Contract with Two Years of Renewal Options for Water and Wastewater Laboratory Supplies for the Water Resources Department. **(Citywide)**

This contract provides laboratory consumables, supplies, and equipment for the Water Resources Department's Compliance Laboratory and the City's two water treatment plants and three water reclamation plants.

The Water Resources Department and Purchasing recommend authorizing the purchase using the City of Goodyear cooperative contract with USA BlueBook, at \$100,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- *4-o. Additional Vendor Award and Dollar-Limit Increase to the Term Contract for AUMA, Limatorque and Rexa Rotary Actuators for the Water Resources Department. **(Citywide)**

On August 30, 2021, Council approved this Term Contract using the City of Tempe cooperative contracts with two vendors: Instrumentation & Control, and IPT Holdings, LLC, dba Integrated Process Technologies. Awarding to Industrial Automation Services will provide another vendor source for REXA rotary actuators, parts and maintenance services. The use of these cooperative contracts allows the City to replace and repair actuators not covered by the City's contract.

The Water Resources Department and Purchasing recommend authorizing the purchase using the Strategic Alliance for Volume Expenditures (S.A.V.E.)/City of Tempe

cooperative contract with Industrial Automation Services, Inc.; and increasing the dollar-limit, for Years 2 and 3 by \$75,000 annually, from \$225,000 to \$300,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

The project scope for this GMP No. 2 includes the procurement and construction of critical electrical materials and other associated tasks. Additional GMP's for the remaining construction will be presented to City Council at a later date.
