

City Council Report

Date: July 1, 2024
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Kristy Garcia, Procurement Administrator
Subject: Use of a Cooperative Contract for the Purchase of One (1) Waste Bin Handler Truck (Addition) for the Fleet Services and Solid Waste Department **(Funded by Utility Replacement Extension & Renewal Solid Waste Fund)** (Citywide)

Recommendation

Council is requested to approve the award as recommended.

The Fleet Services Department, Solid Waste Department, and Procurement Services recommend authorizing the purchase using the State of Arizona cooperative contract with Freightliner of AZ, LLC. at \$217,000 based on estimated requirements.

Background / Discussion

This purchase will provide an additional rotating container handler for the Solid Waste Department. The department currently has two (2) rotating container handlers but needs to purchase an additional one to keep up with the increasing demand for Solid Waste services such as barrel delivery orders and appliance pickup services.

The State of Arizona cooperative contract has been competitively bid and meets the City's procurement requirements. Utilizing the state contract allows the City to receive competitive rates based on a formally solicited agreement. The City believes the price is fair and reasonable and soliciting for this product would not result in the City receiving more favorable pricing or terms.
