

Exhibit Q – Approved Plant Palette

Plant Materials List

The following plants are approved for use in all zoning categories within the Inner Loop and are subject to specific characteristics due to cold tolerance, soil conditions, or other special microclimatic needs. Others may sunburn in certain exposures. Parcel developers should review the use of all plants with a knowledgeable professional or consult appropriate reference material. Some plants are inappropriate to the environment because they are potentially destructive to the native species.

The following plants are approved for use in all areas throughout the Inner Loop.
