<u>Citizen Participation Report – the Beverly</u>

Date: April 23, 2025

Purpose: The purpose of this Citizen Participation Report is to summarize how the development team has informed and sought feedback from citizens, property owners and neighborhood associations in the vicinity of the site for a PAD/Rezone, Minor General Plan Amendment with Site Plan, and Design Review. The site is proposed as a workforce housing multi-family redevelopment. This 1.25-acre property is located 690 feet north of Main Street and 250 feet east of Alma School Road. The project will provide 36 affordable apartments. This report will show how we ensured that those affected by this application have had multiple opportunities to learn about and comment on the proposal.

Contact:

Michael Buschbacher II, AICP - Principal Planner Earl & Curley P.C. 3101 N. Central Avenue Suite 1000 Phoenix, AZ 85012

Pre-submittal Meeting: A pre-application meeting with the City of Mesa Planning Division staff occurred on November 5th, 2024. Staff reviewed the concept and recommended that Rezone-Site Plan with Design Review applications would be needed for the City to review and approve the proposed rezone for the Beverly. As a part of the application, a Citizens Participation Plan was prepared that outlined how adjacent residents and nearby registered neighborhoods within 1000 feet were notified about both a virtual neighborhood meeting and in-person meeting used as a follow-up meeting to the first meeting.

Zoning Submittal Comments Review Meeting: A comment review meeting was held on December 31st, 2024 to discuss comments provided by staff after reviewing the material submitted for the rezone. Revisions were made to this plan to provide updated meeting dates and to make corrections to the neighborhood notification letter.

Action Plan: In order to provide effective citizen participation in conjunction with our rezone, minor general plan amendment and design review board applications, the following actions were taken to provide opportunities to understand and address the real or perceived impacts that our request would pose to members of the surrounding community.

- 1. A contact list was developed for citizens in this area, specifically all property owners within 1,000-feet of the proposed project boundaries, and included any HOA's within a half mile, registered neighborhoods associations within one mile and any schools within the Mesa Public School district that are within proximity to the project. A copy of this list has been provided below in the appendix of this Citizen Participation Report. Notification letters were sent for both an online and in-person neighborhood meeting. In addition, notification letters for planned hearings will be provided to Staff once dates have been established for the DRB, Planning Commission and City Council hearings.
- 2. All persons listed on the contact list were sent a letter via first class mail describing the project, a site plan of the proposed Rezone/Site Plan and Design Review site location. A draft copy of this letter is attached in the appendix.
 - The first neighborhood meeting was held as an online neighborhood meeting on Wednesday, March 19, 2025, at 5:30pm and was an opportunity to discuss the project, and to ask questions and state any concerns. A sign-in list was obtained verbally, and comment were received from the single neighbor who attended the meeting. The results of that meeting are summarized below.
 - A second neighborhood meeting was held in-person at the Church
 of Christ Latter-Day Saints (Church Building), located at 1054 W 2nd
 Place Mesa, AZ 85201 on Thursday, April 22, 2025, at 6pm. Similar to
 the first meeting, a sign-in list was obtained from all who attended
 the meeting and that meeting is also summarized below.
- 3. Physical Posting of the Subject Site for Design Review, Planning & Zoning Commission and City Council Meeting Agendas will occur 15 days in advance of each of those public hearings.
- 4. A notification letter will also be provided to all property owners within 500 feet of the site 15 days before the Design Review Board meeting, when that date is determined by staff.

Note: All materials such as sign-in lists, comments, and petitions received have been included as attachments to this report.

Notification & Meeting Schedule:

- Pre-submittal meeting November 5, 2024
- Application Submittal December 9, 2024
- Staff Comment Review December 31, 2024
- Initial mailing for neighborhood meeting February 28, 2025
- Online Neighborhood Meeting March 19, 2025
- In-Person Neighborhood Meeting April 22, 2025
- Design Review Board/Commission To be determined by staff
- P&Z Commission Hearing To be determined by staff
- City Council Public Hearing To be determined by staff
- City Council Vote & Decision To be determined by staff

Summary of Neighborhood Meetings

First Neighborhood Meeting: The online meeting was held on March 19th 2025 and started at 5:30pm. In attendance were Joe Keeper from COPA Health, Councilmember Jenn Duff, council aide Priscilla Guiterez, Charlotte Bridges, Planner II with the city of Mesa, Tristam Kesti with Perlman Architects, Bill McAllister and Norm Duve both with COPA Health, Taylor Earl & Michael Buschbacher with Earl & Curley and Linda and Mike Ziegler, residents that live nearby the project to the north.

A slide presentation was made showing the details of the proposed apartments, the site plan, elevations and background information about the general plan, the rezone with a PAD overlay and other site design elements. Additional background information was provided about the need for affordable workforce housing in the city and the area. Upon the conclusion of the presentation, the meeting was opened to questions for those who attended the meeting.

Mike & Linda Ziegler began with making several comments about the architecture. Mike noted that more muted colors are preferred, along with some degree of pitched roofs to match the other pitched roofs in the neighborhood. A question was posed by Mike Ziegler regarding how the rents are established. It was noted that rents are determined by the Arizona Department of Housing based on federal formula from the Low Income Housing Tax Credit (LIHTC) program.

Joe Keeper mentioned that COPA Health is a long term holder and anticipates holding this project for the next 30 years. He also noted that they maintain their own properties and that this development will have on-site management.

Mr. Ziegler noted that he is tentatively in support of the project.

Councilmember Duff asked if there was a way to pay homage to the neighborhood, perhaps re-using design elements or railing details from the original structure. She also noted that she was not set on having pitched roofs. She asked if we had a Planning and Zoning Commission hearing date set and if a demolition permit had been obtained. Answers were provided by the staff planner, Charlotte, noting that no hearing dates have been set yet. Mr. Keeper also noted that no demolition permits have been obtained yet. Councilmember Duff mentioned that railing "swoops" re-captures the history of the site and encourage exploring the use of that design motif. She also asked if the mature trees were salvageable, and Mr. Keeper noted that the mature pine trees are in decline and that they will be removed with this project.

Mr. Kesti noted that they would look into using the railing motif and would also explore the pitched roofs and would look at the faux beam ends from the original structure for additional design considerations.

It was recommended that an in-person follow-up meeting be held and that a good location would be the LDS Church house located ¼ mile north on Beverly.

The meeting was concluded and adjourned at approximately 6:30pm

Second Neighborhood Meeting: The in-person meeting was held on April 22, 2025 and started at 6:05 pm, to allow attendees a chance to arrive and get settled. In attendance were the development team from COPA Health, Earl & Curley, and Perlman Architects, along with City of Mesa Planners, Charlotte Bridges and Tye Hodson. Priscilla Guiterrez from the councilmembers office was in attendance along with 12 local residents. A copy of the sign-in sheet has been attached at the end of this report with the names of those residents who attended.

The same slide presentation with updated renderings, elevations, and site plan was made to the group and concluded after roughly 35 minutes. The same topics were presented and afterward the meeting was opened to questions and comments from the attendees.

_____ asked if there was a traffic study prepared. The development team said that staff had not asked for a traffic study and this was confirmed with the assigned planner for this project. She mentioned that the transportation department did not request a traffic study for this site.

Mike Ziegler said that he was previously concerned about bright orange colors and that the building seemed to be designed more along the lines of a newer building that you may see in Scottsdale.

Tristam Kesti, the architect noted that they did mute the colors down a bit and that they provided undulation along the roof line with staggered parapet walls. He also mentioned that he tried to fit a pitched roof into the design but that each time the pitched roof design would have exceeded the allowable building height. He mentioned that he used a brick wainscoting and natural stone elements that were taken from the neighborhood, and he used the "Swoop" motif from the railing on the old apartment building. It was used on the main staircase along Beverly and for the upper level units where railing was required.

Maribella Villegas asked about the demographics for the residents of this project. Mr. Keeper from COPA Health noted that this would be workforce housing for those approximately making \$20-\$30 per hour. It was added that this would include salaries for jobs such as firemen, teachers, restaurant servers, and other similar occupations.

Evelyn Herrmann asked if the existing flood irrigation system would be maintained. It was noted that the portion of flood irrigation on this property is at the end of the line and that the existing system would need to be abandoned to comply with low water use requirements from the state housing department.

Evelyn also asked if the mature pine trees would remain. Mr. Keeper and Mr. Earl noted that the pine trees are in decline and could pose a hazard if they are retained. It was noted that this is partially due to pine blight that has been the cause of many mature pine trees being removed throughout the valley over the last 20 years. It was also noted that the palm trees are not on the drought tolerant plant list that the developer is required to use and that they would also be required to be removed.

Marvin Webb asked if we will using Ficus Trees, Mr. Earl replied no we will not be using Ficus Trees for the project. Marvin then asked what the ages of the tenants would be. Mr. Keeper responded and noted that the development will be for people of all ages.

Marvin then asked if there will be a playground, since the park across the street is not very useful. Mr. Keeper said that a tot lot playground will be built for the youngest children and that there will be community room space with Wi-Fi for the older kids, and teens.

A final question from Mr. Webb asked if the tenants will live there long term. Mr. Keeper mentioned that some residents could live there for awhile to get back on their feet and save enough money to upscale their living arrangements. He also mentioned that in one of their developments there was roughly 14 out of 20 families that stayed long term and helped to build a solid community in that location.

Evelyn asked if there would be on-street parking? Mr. Earl said yes, but residents would be encouraged to park in their assigned parking.

Evelyn asked if residents or guest could cheat on parking rules for the development. Mr. Keeper noted that all parking is assigned, and each unit gets one parking space, with 4 spaces for guest parking. He also added that the on-site management would monitor parking.

Mike Ziegler said that he wanted to confirm that there would be on-site management, Mr. Keeper reiterated that there would be on-site management. Mr. Ziegler also asked if neighbors could call or visit the on-site management if they notice any problems with the residents. Mr. Keeper said that they are encourage to report anything and that the on-site managers and Mr. Keeper would work with the community to assist.

Lisa Scotford asked if there will be a background check on residents. Mr. Keeper noted that they require all residents to go through a background check before they are accepted as residents. They also screen for credit scores along with other requirement that come from the state.

Lisa then asked if the trees would be the type to produce leaf litter that could blow into adjacent neighboring properties. Me. Keeper said that the plants are on the low water use list, which produce lower leaf litter, and that they perform maintenance on the property every two weeks.

Ryan asked if the development would be providing more parking than what is shown. Mr. Keeper said that they will enforce one space per unit and that as mentioned before parking will be assigned. They will use parking placards. He noted if street parking becomes an issue they will address it with their residents.

Ms. Scotford asked what will happen when kids come to use the property from south of Main Street like the do for the park? And will there be security? Mr. Keeper noted that key fobs will be used to access the resident portions of the property including the amenities, security cameras will be used, and on-site property management will assist with any unwelcomed visitors to the property.

Mr. Keeper added that they like to build community within their developments and would hold activities for residents to help build their community, such as potluck dinners for the residents. As residents get to know their neighbors they too will assist in keeping their eyes out for others who are not residents.

Ms. Scotford asked if the units will be furnished. Mr. Keeper said, no.

Any future comments will be copied to the project planner with the City of Mesa.

End of the report as of 04/25/2025.

Re: Proposed PAD Rezone, Site Plan, Design Review, and Minor General Plan Amendment

Dear Neighbor, Properly Owner, or Neighborhood Association President/member:

We wish to inform you that on behalf of the property owner, our office is processing requests for a Planned Area Development (PAD) rezone, Site Plan, Design Review, and Minor General Plan Amendment for the site shown in the map below. Additionally, we wish to invite you to a neighborhood meeting to learn more about the proposal and to provide your feedback.

The address for the site is 120 N Beverly Street (APNs: 135-53-017, 135-53-015B & 135-53-015C). As you have seen. the existing multifamily building on this site has been vacant for several years. The proposal is to replace the old, tired multifamily building on the site with a new, fresh multifamily project with private open space, common open space, perimeter landscaping, and attractive building architecture. We believe this upgrade to the site will be a positive addition neighborhood and add needed density to a site that has already been used for multifamily.

When the City made its massive investment in the light rail on Main Street, it changed the development trajectory of this area forever. The light rail is, and will continue to be, a game-changing backbone for west Mesa. It will support and spur new employment and development along the light rail line. With that comes a need for additional housing and density. That being said, while increased density along the light rail is desired and expected, our client wishes to protect and preserve the existing neighborhood. It strives to do that with this project.

Below are design elements that have been incorporated into the proposal that make it more compatible with the area:

 The total number of units has been capped at only 36 (with a mix of one-, two- and three-bedroom units).

- The building has been pushed 80 feet to the south. away from the existing single-family residences adjacent to the north of the site, to provide increased privacy for those residents.
- A row of trees is being planned along the north property line to provide screening, shade. and privacy to the residences to the north.

The architecture of the proposed building has been thoughtfully designed to give the building a sophisticated and attractive appearance.

- On-site amenities are proposed to include a dog park, bicycle repair room, a clubhouse, personal open space areas and tot lot (small playground area).
- This project will have a rent structure that is affordable for working individuals and families. As you have no doubt seen, the cost of housing in the Valley has skyrocketed, leaving many families with insufficient housing options in the area. Although it is only 36 units, this proposed development will contribute to City-wide efforts to combat this unfortunate trend by providing a quality residential experience that is safe and attractive and priced for working individuals and families. With all of the employment

opportunities that have already come along the light rail and will continue to come, such housing is needed.

• The development will be by Copa Health, which is the type of owner that builds and holds their properties for the long term. which helps ensure consistency in ownership and that their properties are well kept over time.

A copy of the proposed Conceptual Site Plan and elevations are enclosed for your review.

We are hosting a virtual neighborhood meeting (details below) to chat with all of you, explain the project, give you a chance to ask questions, answer those questions, and to receive your additional input and feedback. We are committed to this being a collaborative process with the community-not a one-sided one. If you cannot make the meeting but want more information or want to provide feedback, please feel free to contact us separately. We do not want anyone to feel left out because they could not attend the meeting.

Meeting Information:

Neighborhood Meeting

Date & Time: Wednesday March 19, 2025 5:30 PM (Arizona Time)

Location: Virtual Zoom Meeting

http://bHJy/3QhoFux

Note that public hearings have not yet been scheduled for our various requests. You will be notified of the hearings once they are scheduled with a mailing from the City of Mesa. Feel free to provide any written comments to me directly at the email address below. or by mail to the address below in the footer of this letter.

I would be happy to answer any questions or hear any thoughts or concerns that you may have regarding this proposal. You may reach me at (602) 265-0094 or email: tearlcurley.com or you may reach my in-house planner, Michael Buschbacher, at (602) 265-0094 or by email: mbuschbacher@earlcurley.com. In addition, feel free to contact Charlotte Bridges, the planner assigned by the City for this project/case If you prefer, reference case# ZON24-01052. She can be reached via email at Charlotte.Bridges@MesaAz.gov or by phone at 480-644-6712. If you have sold this property in the interim. please forward this correspondence to the new owner.

Re: Proposed PAD Rezone, Site Plan, Design Review, and Minor General Plan Amendment

Dear Neighbor, Property Owner, or Neighborhood Association President/member:

This letter is a follow up to our initial letter to let you know about a second neighborhood meeting for the requests described below. This is intended to generally cover the same information shared at the first neighborhood meeting held online. We simply wanted to provide an in-person meeting option for those who could not attend online.

On behalf of the property owner, our office is processing requests for a Planned Area Development (PAD) rezone, Site Plan, Design Review, and Minor General Plan Amendment for the site shown in the map below. The site address is 120 N Beverly Street (APNs: 135-53-017, 135-53-015B & 135-53-015C). As you have seen, the existing multifamily building on this site has been vacant for several years. The proposal is to replace the old. tired multifamily building on the site with a new, fresh multifamily project with private open space. common open space, perimeter landscaping, and attractive

building architecture. We believe this upgrade to the site will be a positive addition to the neighborhood and add needed density to a site that has already been used for multifamily.

When the City made its massive investment in the light rail on Main Street, it changed the development trajectory of this area forever. The light rail is, and will continue to be, a game-changing backbone for west Mesa. It will support and spur new employment and development along the light rail line. With that comes a need for additional housing and density. That being said, while increased density along the light rail is desired and expected, our client wishes to protect and preserve the existing neighborhood. It strives to do that with this project.

Below are design elements that have been incorporated into the proposal that make it more compatible with the area:

- The total number of units has been capped at only 36 (with a mix of one-, two- and three-bedroom units).
- The building has been pushed 80 feet to the south, away from the existing single-family residences adjacent to the north of the site, to provide increased privacy for those residents.
- A row of trees is being planned along the north property line to provide screening, shade, and privacy to the residences to the north.

 The architecture of the proposed building has been thoughtfully designed to give the building a sophisticated and attractive appearance.

- On-site amenities are proposed to include a dog park, bicycle repair room, a clubhouse, personal open space areas and tot lot (small playground area).
- This project will have a rent structure that is affordable for working individuals and families. As you have no doubt seen, the cost of housing in the Valley has skyrocketed, leaving many families with insufficient housing

options in the area. Although it is only 36 units, this proposed development will contribute to City-wide efforts to combat this unfortunate trend by providing a quality residential experience that is safe and attractive and priced for working individuals and families. With all of the employment opportunities that have already come along the light rail and will continue to come, such housing is needed.

 The development will be by Copa Health, which is the type of owner that builds and holds their properties for the long term, which helps ensure consistency in ownership and that their properties are well kept over time.

A copy of the proposed Conceptual Site Plan and elevations are enclosed for your review. And you can learn more about the project at the following website that we have set up for the project: https://earlcurley.com/thebeverly/.

We are hosting this in-person neighborhood meeting to chat with all of you, explain the project, give you a chance to ask questions, answer those questions, and to receive your input and feedback. We are committed to this being a collaborative process with the community—not a one-sided one. If you cannot make the meeting but want more information or want to provide feedback, please feel free to contact us separately. We do not want anyone to feel left out because they could not attend the meetings.

<u>Meeting Information:</u>

City of Mesa Planning Division

AFFIDAVIT OF NOTIFICATION LETTER MAILINGS

To be submitted to the Planning Division by Tuesday, May 27, 2025.	
Date: <u>5/27/25</u>	
I, Brian Vacano, being the owner or authorized applicant for the zoning case below, do hereby affirm that I have mailed notification letters regarding Cases ZON24-01052 & ZON25-0020 on the 21 day of May, 2025.	
These notifications were mailed to all property owners within the required radius of the subject site, as specified by City of Mesa Planning Division regulations.	
Applicant's/Representative's signature:	
SUBSCRIBED AND SWORN before me this 27th day of May, 2025.	
Notary Public TAMI HANKS Notary Public - Arizona Maricopa Co. / #612264 Expires 10/02/2025	

Case Number: **ZON24-01052 & ZON25-00203**

Project Name: Beverly Apartments

May 27, 2025

Re: COPA Health, Beverly Workforce Housing – Rezone/Planned Area Development Overlay and a Minor General Plan Amendment – <u>Planning & Zoning Board Hearing</u>

Dear Neighbor,

We want to thank those who have attended either or both of our neighborhood meetings regarding a proposed redevelopment of the old apartment building at 120 N. Beverly (shown on the aerial map below). We feel the conversations have been productive. And we thank everyone for that. As a result of the feedback, as well as the feedback from City staff, we have modified the building from 4-stories to 3-stories, reduced the density (i.e., number of units), and made modifications to our elevations to incorporate more elements from the neighborhood's existing design character. A copy of our revised conceptual building elevations and renderings are attached, along with our conceptual landscape plan and site plan.

If you were not able to attend either of the meetings but would like to engage with us, there continue to be ways to do so. You may obtain additional information by reviewing the website we set up for the community at https://earlcurley.com/thebeverly/. Additionally, you may contact us directly, and we would be happy to provide more information, answer questions, and receive your feedback. Note that this letter is being sent to all property owners within 1000 feet of the property.

To facilitate this re-development, we have applied for a Rezoning with a Planned Area Development (PAD) Overlay, a Minor General Plan Amendment and Design Review with Site Plan approval. The proposed redevelopment would replace the existing multifamily building with a new multifamily development, which will provide much-needed workforce housing for the community. The case numbers assigned to this rezone and minor general plan amendment are **ZON24-01052** & **ZON25-00203**.

Project Overview

1.25-acre located property is approximately 660 feet north of Main Street and 250 feet east of Alma School Road. The site is ideally positioned for the proposed use because it is a residential environment that is also near the light rail, near major freeways, and near Beverly Park (which we anticipate our residents will help to activate). This request is for the approval of a 36-unit, three-story apartment building that will replace the existing apartment building, formerly known as the Tahitian Palms, which is beyond its useful life.

Planning & Zoning Board and City Council Meeting/Hearing Information

This application is scheduled for consideration by the Mesa Planning & Zoning Board at their meeting held on Wednesday, **June 11, 2025**, in the Old City Council Chambers at 57 East First Street, in the upper level. The meeting will begin at 4:00 p.m. You are invited to attend this meeting and provide any input you may have regarding this proposal.

The public can attend the meeting either in-person or electronically and telephonically. The live meeting may be watched via zoom https://mesa11.zoom.us/j/82508085605, or listened to by calling 888-788-0099 or 877-853-5247 (toll free) using meeting ID 825 0808 5605 and following the prompts.

If you want to provide a written comment or speak telephonically at the meeting, please submit an online comment card by scanning the QR code below or visiting https://www.mesaaz.gov/government/advisory-boards-committees/planning-zoning-board/online-meeting-comment-card at least 1 hour prior to the start of the meeting.

If you want to speak at the meeting, you will need to indicate on the comment card that you would like to speak during the meeting, and you will need to call **888-788-0099** or **877-853-5247** (toll free) using meeting ID **825 0808 5605** and following the prompts, prior to the start of the meeting. You will be able to listen to the meeting; and when the item you have indicated that you want to speak on is before the Board, your line will be taken off mute and you will be given an opportunity to speak.

For help with the online comment card, or for any other technical difficulties, please call 480-644-2099.

If you have any questions regarding this proposal, please call me at 602-265-0094 or e-mail me at tearl@earlcurley.com, or you can reach the planner in our office assigned to this case, Michael Buschbacher at mbuschbacher@earlcurley.com. The City of Mesa has assigned this case to Charlotte Bridges of their Planning Division staff. She can be reached at 480-644-6712 or charlotte.bridges@mesaaz.gov should you have any questions regarding the public hearing process. If you have sold this property in the interim, please forward this correspondence to the new owner.

Sincerely,

Taylor C. Earl

Managing Partner

GENERAL NOTES

- 1. INFORM THE ARCHITECT OF ANY DISCREPANCIES BEFORE BEGINNING WORK. 2. REFER TO CIVIL DRAWINGS FOR GRADING, &
- DRAINAGE. CONTRACTOR SHALL CONFIRM & MARK ALL UNDERGROUND & OVERHEAD UTILITIES PRIOR TO START OF WORK.

SITE PLAN NOTES

A. "COMPLY WITH ALL PROVISIONS AND REQUIREMENTS OF MESA BUILDING CODE (MBC) CHAPTER 33 -SAFEGUARDS DURING CONSTRUCTION, MESA FIRE CODE (MFC) CHAPTER 33 - FIRE SAFETY DURING CONSTRUCTION AND DEMOLITION, AND NFPA 241 FOR ITEMS NOT SPECIFICALLY ADDRESSED BY MFC CHAPTER

"FIRE APPARATUS ACCESS ROADS ARE ESSENTIAL DURING CONSTRUCTION TO ALLOW EMERGENCY RESPONSE TO THE SITE FOR BOTH FIRE AND MEDICAL EMERGENCIES. ACCESS ROADS SHALL BE IN PLACE PRIOR TO THE START OF VERTICAL CONSTRUCTION. IT IS IMPORTANT TO DEVELOP ACCESS ROADS AT AN EARLY STAGE OF CONSTRUCTION TO ALLOW FOR FIRE DEPARTMENT ACCESS TO THE SITE IN THE CASE OF FIRE OR INJURY."

B. "REQUIRED FIRE APPARATUS ACCESS ROAD DURING CONSTRUCTION OR DEMOLITION SHALL COMPLY WITH MESA FIRE AND MEDICAL DEPARTMENT STANDARD DETAIL FPD 3310.1. THE ACCESS ROAD SHALL BE A MINIMUM OF 20 FEET WIDE OF ALL-WEATHER DRIVING SURFACE, GRADED TO DRAIN STANDING WATER AND ENGINEERED TO BEAR THE IMPOSED LOADS OF FIRE APPARATUS (78,000 LBS. / 24,000 LBS. FRONT AXLE, 54,000 LBS. REAR AXLE) WHEN ROADS ARE WET.

THE ACCESS ROAD SHALL EXTEND TO WITHIN 200 FEET OF ANY COMBUSTIBLE MATERIALS AND/OR ANY LOCATION ON THE JOBSITE WHERE ANY PERSON(S) SHALL BE WORKING FOR A MINIMUM OF FOUR (4) CONTINUOUS HOURS IN ANY DAY. A CLEARLY VISIBLE SIGN MARKED "FIRE DEPARTMENT ACCESS", IN RED LETTERS, SHALL BE PROVIDED AT THE ENTRY TO THE ACCESS ROAD.

ALL OPEN TRENCHES SHALL HAVE STEEL PLATES CAPABLE OF MAINTAINING THE INTEGRITY OF THE ACCESS ROAD DESIGN WHEN THESE TRENCHES CROSS AN ACCESS ROAD.

THESE ACCESS ROADS MAY BE TEMPORARY OR PERMANENT. THIS POLICY APPLIES ONLY DURING CONSTRUCTION AND/OR DEMOLITION, PERMANENT ACCESS PER THE MFC SHALL BE IN PLACE PRIOR TO ANY FINAL INSPECTION OR CERTIFICATE OF OCCUPANCY."

C. WATER SUPPLY FOR FIRE PROTECTION. AN APPROVED WATER SUPPLY FOR CONSTRUCTION SITE SHALL MEET THE REQUIREMENTS OF MFC APPENDIX CHAPTERS B AND C. THE MINIMUM FIRE FLOW REQUIREMENT WHEN CONTRACTOR OR DEVELOPER BRINGS COMBUSTIBLE MATERIALS ON SITE IS 1,500 GPM AT 20 PSI. AT LEAST ONE FIRE HYDRANT SHALL BE WITHIN 500 FEET OF ANY COMBUSTIBLE MATERIAL AND CAPABLE OF DELIVERING THE MINIMUM FIRE FLOW REQUIREMENT. THIS HYDRANT OR HYDRANTS MAY BE EITHER TEMPORARY OR PERMANENT AS THE PROJECT SCHEDULE PERMITS

IN ADDITION, THERE ARE TIMES WHEN HYDRANTS AND VALVES MUST BE CLOSED TEMPORARILY FOR REPAIR WORK OR CONSTRUCTION OF THE WATER SYSTEM. THE DEVELOPER/CONTRACTOR IS RESPONSIBLE FOR ENSURING THAT THE WATER SUPPLY IS ALWAYS AVAILABLE. WHEN THE WORK IS COMPLETE, DEVELOPER/CONTRACTOR SHALL MAKE SURE THAT THE FIRE HYDRANTS ARE ACTIVE, AND THE VALVES ARE OPEN."

RE: Cover Letter for Updated Meeting Notice

Dear Neighbor,

We wanted to add this cover letter to the attached letter to avoid confusion. You are receiving this cover letter because you recently received a similar letter for our Design Review Board meeting. The attached letter appears similar in form to that earlier letter, but it is giving notice of the upcoming Planning and Zoning Board hearing, which is a separate meeting. Let us know if you have any questions.

Sincerely,

Taylor C. Earl
