

City Council Report

Date: August 26, 2019
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Matt Bauer, Procurement Administrator
Subject: Seven-Month Renewal to the Term Contract for Submersible Pump-Motor Units Repairs and Replacements for the Water Resources and Parks, Recreation and Community Facilities Departments **(Citywide)**

Recommendation

Council is requested to approve the contract renewal as recommended.

The Water Resources and Parks, Recreation and Community Facilities Departments and Purchasing recommend authorizing the renewal with Phoenix Pumps Inc.; Laron Incorporated; Keller Electrical Industries, Inc.; and James, Cooke & Hobson, Inc.; at \$830,000.

Background / Discussion

This contract provides qualified vendors to perform repairs to submersible pumps and pump/motor units and to furnish new submersible pumps and pump/motor units as needed for the City's Water and Wastewater Treatments Plants, and lift stations. Parks, Recreation and Community Facilities Department has numerous pumps located at several aquatic centers. Although the majority of the City's submersible pumps and pump/motor units require the vendor to pull the submersible units in the field, transport them to their local repair facility to perform the repairs and then re-install the submersible pumps and pump/motor units in the field, a few of the submersible pumps and pump/motor units are pulled by City staff and brought to the vendor for repairs.

This contract will be re-solicited and awarded as part of a larger contract before the contract expires in 2020. Water Resources is currently rewriting the specifications for a new Request for Proposal (RFP) for Water/Wastewater Equipment Repairs that will include all types of pumps and motors.

Purchase Information

Action: Renewal (1st of 2 possible)
Procurement Type: Choose an item.
Contract Number: 2016079
