Dear Heather,

The City has received several inquiries about the family community residence permit on 2338 E. Minton. As you may be aware, the City requires you to provide the final license from the State within 120 days as part of your registration process. Please send a copy of your application to the State for our review. This will help us respond to residents' questions. I appreciate your assistance in this inquiry.

Please contact me if you have any questions.

Sincerely,

Nana Appiah, PhD, AICP
