

# City Council Report

**Date:** July 5, 2022  
**To:** City Council  
**Through:** Michael Kennington, Deputy City Manager/Chief Financial Officer  
**From:** Edward Quedens, Business Services Director  
Kristy Garcia, Procurement Administrator  
**Subject:** Purchase of One Medium-Duty Aerial Bucket Truck and Service Body (Addition) for the Transportation Department as requested by the Fleet Services Department **(Funded by the Local Streets Fund) (Citywide)**

## Recommendation

Council is requested to approve the award as recommended.

The Fleet Services and Transportation Departments and Purchasing recommend authorizing the purchase using the Sourcewell (formerly NJPA) cooperative contract with Altec Industries, Inc., at \$267,783.57.

## Background / Discussion

Transportation Field Operation will use this Altec aerial truck with a 50 ft. articulated/telescopic aerial bucket for streetlight fixture replacements and maintenance, signal repair, sign maintenance, and for the high-pressure sodium (HPS) to light-emitting diode (LED) streetlight conversion project.

The Sourcewell cooperative contract has been competitively bid and meets the City's procurement requirements. Utilizing the Sourcewell contract allows the City to receive very competitive rates based on a nationally solicited agreement. The City believes that the price is fair and reasonable and that soliciting for this product would not result in the City receiving more favorable pricing or terms. Altec's only awarded contract for Municipality/Local Government is through the Sourcewell cooperative.

## Purchase Information

Action: Award  
Procurement Type: Cooperative Contract Use  
Contract Number: 2022248  
Contracting Agency/Contract Number: Sourcewell / 012418-ALT
