

# City Council Report

**Date:** August 23, 2021  
**To:** City Council  
**Through:** Michael Kennington, Deputy City Manager/Chief Financial Officer  
**From:** Edward Quedens, Business Services Director  
Matt Bauer, Procurement Administrator  
**Subject:** One-Year Contract with Renewal Options for the Maintenance of Compressors, Generators and Dryers for the Mesa Police Department **(Sole Source) (Citywide)**

## Recommendation

Council is requested to approve the award as recommended.

The Police Department and Purchasing recommend awarding the contract to the sole source vendor, Atlas Copco at \$29,230 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

## Background / Discussion

In 2019, Council approved the purchase of a secondary compressor from Atlas Copco. Facilities Maintenance recommended this secondary compressor as a backup system to help maintain operational and performance maintenance on one system without shutting the process down completely. The dryers and compressors are critical pieces of equipment used by Forensic Services to process evidence.

Atlas Copco is a Phoenix based company and currently provides maintenance to the compressor and drying systems which work together with the nitrogen generator as one unit. Atlas Copco has been very responsive and provides excellent service. Atlas Copco provided an annual service plan quote for the dryers, generators and compressors.

Atlas Copco CTS services are a sole source product, offered exclusively by Atlas Copco LLC in Arizona. There are no agents or dealers authorized to represent this product. The manufacturer has given Atlas Copco the exclusive right to market this OEM service.
