RESIDENTIAL WASTEWATER SERVICE - COMBINED

Inside City Limits – \$1.1, Outside City Limits – \$2.1

APPLICATION

These rates are applicable to all dwelling units receiving wastewater service inside and outside the City limits having an individual water meter measuring combined domestic and landscape use for monthly billing cycles commencing on and after the Effective Date. This rate also applies to customers with City of Mesa wastewater utility service but not City of Mesa water utility service.

MONTHLY BILLING CYCLE

The charge per billing cycle shall consist of the following components:

Inside City Limits:

Service Charge:* ~~\$19.94~~ **\$20.54**
Usage Charge:** ~~\$1.64~~ **\$1.69** per 1,000 gallons of average winter water consumption
Plus:** ~~\$2.96~~ **\$3.05** per 1,000 gallons of average winter water consumption in excess of 5,000 gallons

Outside City Limits:

Service Charge:* ~~\$29.35~~ **\$30.23**
Usage Charge:** ~~\$1.64~~ **\$1.69** per 1,000 gallons of average winter water consumption
Plus:** ~~\$5.18~~ **\$5.34** per 1,000 gallons of average winter water consumption in excess of 5,000 gallons

*2,000 gallons of water included as a minimum based on availability of service.

**Average winter water consumption shall be based upon the water deliveries listed on the utility bills during the past December, January, February, and March billing cycles. The average will be computed at the end of March each year on the three lowest readings of this four-month period. Additionally, customers shall be billed based on the assumption that 90 percent of their average winter water deliveries are discharged to the wastewater system.

Customers who do not have an individual average winter water consumption established shall be assessed a flat monthly charge based on the most recent citywide residential class average winter water consumption.

ADJUSTMENTS

1. Taxes & Impositions. The applicable proportionate part of any taxes or governmental impositions that are assessed on the basis of the gross revenues of the City and/or the price or revenue from the energy or services sold hereunder shall be added to each utility bill.
2. Sewer Protection Charge. A \$0.41 per month charge will be applied to residential customers within Leisure World (between South Power Road and RWCD Canal and between East Broadway Road and East Southern Avenue). This charge allows Leisure World customers to access the City's Household Hazardous Materials Facility to dispose of acceptable residential hazardous materials.

TERMS AND CONDITIONS

See Terms and Conditions for the Sale of Utilities.

TERMS AND CONDITIONS

See Terms and Conditions for the Sale of Utilities.

All water that is collected in the customer's sewer must be discharged through a single outfall. This schedule shall not apply where the customer's sewer system includes additional unmetered outfalls, which require wastewater billing based on water delivered.

The Customer shall be responsible for all costs associated with the purchase, installation and maintenance of City approved meters in an approved location. Construction plans must be approved by the applicable City Departments before any purchase of the meters and their installation can proceed.

CUSTOMER ELIGIBILITY

In addition to the requirements set forth above regarding Terms and Conditions, a Customer must satisfy the following conditions to be and remain eligible to receive service under this Schedule SM3.1 or SM4.1:

Customers must discharge a minimum of an average annual volume of wastewater discharged through the outfall of 2400 kgal (or an anticipated volume in such amount if a new customer or a customer with less than twelve (12) months of billing history).

In addition, the Customer must either: (i) receive water service from the City with an average annual billed water demand at the same location as the sewer connection (in thousands of gallons or “kgal”) of equal to or greater than 11,000 kgal (not including water delivered under Landscape, Fire or Large Turf services), or if a new customer, an anticipated average annual billed usage of equal to or greater than such amount; or (ii) discharge water not delivered by the City.

Notwithstanding the preceding, all customers subject to rates applicable under Multi-Unit Dwelling Wastewater Schedule Numbers S3.2, S3.2a, S4.2, S4.2a, and Industrial Wastewater Service Schedule Numbers S5.1 and S5.2 are not eligible for service under this Schedule SM3.1 and SM4.1.
