Project improvements include widening Ellsworth Road by adding a third lane in each direction, milling and overlaying the existing pavement, installation of medians, curb and gutter, sidewalk, and streetlights. Benefits will include reduced congestion, safer pedestrian crossings, bicycle lanes, and increased accessibility to local businesses.

Staff recommend awarding a contract to Sundt Construction in the amount of \$27,177,832.52 (GMP), and authorizing a change order allowance in the amount of \$2,717.783 (10%), for a total authorized amount of \$29,895,615.52. This project is funded by 2020 Street bonds and the Transportation Fund.

- *4-b. Signal Butte Park Phase II - Construction Manager at Risk (CMAR), Guaranteed Maximum Price (GMP) No. 2 of 2. **(District 6)**

GMP No. 2 will include a pedestrian bridge constructed over Signal Butte Wash to connect Phase II to Phase I, a restroom building, pathways, landscaping, ramadas, site furnishings, BMX bike tracks, and a parking lot.

Staff recommend awarding a contract to Valley Rain Construction Corporation in the amount of \$5,004,988.14, (GMP No. 2) and authorizing a change order allowance in the amount of \$250,249.41 (5%), for a total authorized amount of \$5,255,237.55. This project is funded by 2018 General Obligation bonds through the Parks and Cultural Bond Program.

- *4-c. Seven-Month Use of a Cooperative Term Contract with Renewal Options for Upfitting Vehicle Equipment and Installation Services for the Fleet Services Department. **(Citywide)**

This contract will provide for the purchase and installation of vehicle equipment and lighting at an established hourly rate for Police Department vehicles. Equipment includes specialized turnkey emergency vehicle equipment (lights, sirens, push-bars, detainee cages, consoles, wiring, etc.) and installation services. This request supplements the existing cooperative contracts for vehicle upfitting.

The Fleet Services Department and Procurement Services recommend authorizing the purchase using the City of Chandler, Strategic Alliance for Volume Expenditures (S.A.V.E.) cooperative contract with Airwave Communications Enterprises, LLC, All Fleet Services, and Waltz Outfitting, LLC at \$2,800,000 annually, with an annual increase allowance of up to 5% or the adjusted Consumer Price Index. This total reflects the combined annual amount for all previously approved cooperative contracts actively utilized by the City for vehicle upfitting.

- *4-d. Three-Year Term Contract with Two-Year Renewal Options for Self-Contained Breathing Apparatus (SCBA) Air Equipment, Parts, Repairs, and Maintenance for the Mesa Fire and Medical Department (MFMD). **(Citywide)**

This contract will provide SCBA parts, supplies and equipment as needed. The current SCBA packs in use by the MFMD are outdated and are no longer compliant with the

most recent National Fire Protection Association standards. These units, which are over 10 years old, present significant challenges both in terms of operational safety and ongoing maintenance. Advancements in SCBA technology over the past decade have resulted in significant improvements in firefighter safety, comfort, carcinogen mitigation, and efficiency. Modern SCBA units offer enhanced thermal protection, better ergonomics, improved air management, and integrated communication capabilities - features that are not available in our current inventory.

A committee representing the MFMD and Procurement Services recommend awarding the contract to the highest scored proposal from L.N. Curtis and Sons at \$4,000,000 for Year 1 and \$500,000, annually thereafter, with an annual increase allowance of up to 5% or the adjusted Consumer Price Index.

- 5-c. Calling a Special Election to be held on November 4, 2025 for the purpose of submitting to the voters of Mesa Council District Two the question of the recall of the District Two Councilmember; providing for a ballot-by-mail unless otherwise required by Maricopa County; providing the place and the last date for candidates to file nomination papers; providing the deadline for voter registration; setting forth the voter rights act requirements; approving the use of City funds for the payment of election costs; and otherwise providing for the manner in which the election is to be conducted. – Resolution No. 12400

City Attorney Jim Smith advised that by state statute, the City is not allowed to use City resources to influence the outcome of an election. He reviewed the definition of influencing the outcome of an election and provided guidelines for citizens addressing the recall.

Councilmember Spilsbury expressed her disagreement with the premise on which the recall was initiated; however, according to State Statute and as her duty as a Councilmember, she is required to vote to call for a Special Election. She commented that her constituents have trusted her enough to elect her twice, each time by wide margins, and she is grateful for their continued support. She pointed out that a special interest group has now launched a recall against her, but this is not the result of any misconduct or malfeasance. She indicated the Council are elected as nonpartisan councilmembers to serve all citizens who reside in the City of Mesa, and do not serve a party.

Councilmember Duff expressed discomfort with approving the call for a Special Election and with spending taxpayer funds without sufficient justification. She stated the partisan political issues are outside the purview of city government, a nonpartisan institution, and emphasized that Mesa is neither conservative nor liberal. She added that the City's diversity in thought, culture, and ideas contributes to its strength.

Responding to a request for clarification from Councilmember Adams, Mr. Smith explained the recall voting options according to Arizona Revised Statute (A.R.S.) §19-209. He advised that the legislative body is required to call for the election once the preconditions have been met, referring to having a minimum number of signatures qualified.

Councilmember Adams stated that he does not support the recall, believing that the recall does not serve Mesa's community or priorities. He acknowledged that Arizona law allows citizens the right to recall elected officials; however, noted that approximately 20% of petition signatures came from paid circulators and 40% from volunteers outside of Mesa, which he felt was disingenuous. He said none of the cited reasons were violations of Councilmember Spilsbury's oath and believes Councilmember Spilsbury is being targeted for breaking political ranks. He said he admires Councilmember Spilsbury's courage, and expressed concern over the \$200,000 election costs that the City will have to cover.

It was moved by Vice Mayor Somers, seconded by Councilmember Adams, that Resolution No. 12400 be adopted.

Staff Recommendation: Adoption

P&Z Board Recommendation: Adoption (Vote: 6-1)

Mary Maybeno, a Mesa resident, voiced her opposition to data centers, citing their high water and electricity usage, contributing to water shortage problems and impacting the quality of life. She pointed out that, in addition, data centers create noise, heat, and employ fewer employees than other businesses.

Tom Maples, unknown address, requested improvements and adjustments to the text amendments for data center issues.

Planning Director Mary Kopaskie-Brown reported that the regulations aim to minimize both aesthetic impacts and effects on sensitive receptors, such as residential areas, as new data centers are developed in Mesa.
