March 20th, 2012

The proposed Dining and Banquet facilities will be used for the following purposes;

- *Golf Tournaments*
- *Weddings*
- *Birthday parties*
- *Anniversary parties*
- *Conferences*
- *Member functions*

The dining and banquet facilities for Las Sendas Golf feature a "wrap around" style covered deck. This is part of the existing buildings architectural design. Our pro shop and main clubhouse have these features and we presented the dining and banquet facilities with the same appearance for continuity. The purpose for the deck other than to maintain the same architectural appearance is to allow our patrons to gather for such things as;

- *Pictures for wedding parties.*
- *Sunset viewing of the Phoenix valley.*
- *Gathering of wedding parties.*

The deck will not be used for;

- *Dining or cocktail parties.*
- *There will not be music played outside on the deck.*
- *Loud noise or interaction that could be heard by our homeowners.*

The Dining and Banquet facilities also feature glass door/wall panels that open to the deck. This is also, consistent with our existing building's architecture. This wall system is used currently and offers our customers the ability to enter and exit the facilities through wide open entryways. Large openings are desired for wedding parties along with receiving lines. All wall systems will be ***closed*** *when music is present, for weddings or other functions.*

Finally, there is no requirement for additional parking for outdoor activities, as there are no outdoor activities planned for the covered deck or outside of the facilities themselves.

The Public meeting that was held at Las Sendas Golf Club was very informative and specifically discussed the design concepts of the glass walls and the patio. We were very pleased with the turn out at the Public Meeting and were told that this was an unusually large turnout in comparison to most gatherings of the homeowners, by the HOA.

Respectfully,

Lloyd McBean, P.G.A.
Executive Director, Managing Partner
Las Sendas Golf Club
7555 E. Eagle Crest Drive, Mesa, AZ 85207

Members of the Mesa Planning & Zoning Advisory Board

Randy Carter, Chairperson
Beth Coons, Vice-Chairperson
Chell Roberts
Vince DiBella
Lisa Hudson
Brad Arnett
Suzanne Johnson
c/o Angelica Guevara, Senior Planner
City of Mesa Planning Division

SUBJECT: Zoning Case #Z12-20

Dear P&Z Advisory Board Members:

We, Paul Shields and Barbara Carpenter, wish to speak for the record to P&Z Case Number Z12-20 which is being heard for your advisory action today. [District 5) 7555 East Eagle Crest Drive. (Modifications to the existing PAD overlay for the Las Sendas Golf Club Planned Area Development and Site Plan Review. PLN2012-00058. LSM Golf LLC, owner; David Iverson, applicant.] We wish to state for today's record that as individual co-owners at Las Sendas' Golf Colony enclave, we support the intent of the Las Sendas Golf Course and its Club owners' plan to improve and expand services and facility capacity on their property. The modification provides significant improvement over the original plan. We are pleased with the new ownership and the value it and Las Sendas residents jointly offer the Las Sendas community.

We are concerned that the third condition of approval--*Compliance with all City development codes and regulations*--should receive highest scrutiny and cooperative enforcement by the City's civil plan reviewers and civil engineers. We have proactively met with Misters Lloyd McBean and Dave Iverson of the Las Sendas Golf Club, and Mr. John Wesley, Mesa Planning Director, Ms. Angelica Guevara, Senior Planner, and Mr. Robert Apodaca, Senior Civil Engineer for the City of Mesa. Findings from a 2008 engineering study – a hydrology report also stamped by Greg Allen, P.E., who provided the drainage plan for this project – have been provided to both the Las Sendas Golf Course/Club owners and the City's Civil Engineers in the Development and Sustainability Department.

The 2008 study and report identifies the cumulative incremental site plan modification impacts to the 1987 conceptual development Master Plan for Falcon Ridge. These, in combination with Mother Nature created expensive property damage by flooding in 2008. Taken in isolation, each may not seem to have significant impact; but collectively, we have a problem. Thirty-two of fifty-nine Golf Colony properties were damaged by drainage flooding in the summer of 2008.

We have positive assurances from both the Las Sendas Golf Course/Club owners and the City of Mesa staff that they will work with Golf Colony and Las Sendas property owners in resolving this flooding issue. The Las Sendas Community Association has not addressed this issue recently and we cannot speculate as to any position the Association might assume. The Association does own the streets within the Golf Colony and a small parcel of land between a cul-de-sac and the golf course property. The Golf Colony owners have not coalesced around this issue for the past two years, and we do not represent them as a unified body.

We disclose, also, that Mr. Shields is a non-equity member of the Las Sendas Golf Club, a Director of the Las Sendas Community Association (LSCA), and a ten-year resident owner in the Golf Colony. Ms. Carpenter, formerly a member of Mesa's Planning & Zoning Advisory Board, has jointly owned Golf Colony property since September 1996, has resided in the Golf Colony for the past twelve and one-half years, and currently serves as President of the Las Sendas Community Association.

We respectfully submit our comments for inclusion in today's hearing record regarding case number Z12-20. Thank you for your attention.

Sincerely,

Paul W. Shields

Citizen Participation Plan for Las Sendas Golf Club Conference & Banquet Center

Date: January 17, 2012

Purpose: The purpose of this Citizen Participation Plan is to inform citizens, property owners, neighbor associations, agencies, schools and businesses in the vicinity of the site of an application for the Las Sendas Golf Club Conference & Banquet Center. The site is located at 7555 E Eagle Crest Drive; northeast of the current pro shop & clubhouse buildings. This plan will ensure that those affected by this application will have an adequate opportunity to learn about and comment on the proposal.

Contact:
David Iverson, Projects Manager
7555 E Eagle Crest Drive
Mesa, AZ 85207
(480) 396-4000; Fax: (480) 396-9000
Email: diverson@lassendas.com

Pre-application Meeting: The pre-application meeting with the City of Mesa planning staff was held on January 17, 2012. Staff reviewed the application and recommended that adjacent residents and nearby registered neighborhoods be contacted.

Action Plan: In order to provide effective citizen participation in conjunction with their application, the following actions will be taken to provide opportunities to understand and address any real or perceived impacts their development that members of the community may have.

1) A contact list will be developed for citizens and agencies in this area including:
    - All registered neighborhood associations with one mile of the project
    - Homeowners Associations with one half mile of the project.
    - Interested neighbors – focused on 1,000 feet from site, but may include more
2) All persons on the contact list will receive a letter (sent 1/20/11) describing the project, project schedule, site plan and invitation to a neighborhood meeting to be held at Las Sendas Golf Club.
    - The meeting will be held on Feb 7th from 3 pm-5 pm will be an introduction to the project and opportunity to ask questions and state concerns. A sign-in list will be used and comment forms provided. Copies of the sign-in list and any comments will be given to the City of Mesa Planner assigned to this project.
    - Neighborhood Associations, Homeowners Associations within 1000 feet of the site have been informed of the project.
    - Presentations will be made to groups of citizens or neighborhood associations upon request.

(All materials such as sign-in lists, comments and petitions received are copied to the City of Mesa.)

January 20, 2012

Dear Neighbors,

In our continued effort to improve Las Sendas Golf Club and the Las Sendas community, we are proposing to construct a new conference and banquet facility on a portion of the golf course property.

The facility will operate year round and will provide additional space for meetings, weddings, birthdays, anniversaries, tournaments and banquets for all Las Sendas Residents and guests. As shown in the attached design elevation, the building will be the same design and colors as our existing clubhouse and pro shop. The basement of the 6,000 square foot facility will be used for offices and additional storage. We hope to break ground on this project in March 2012.

Your comments and/or concerns regarding our proposed improvement are important to us. You are invited to attend our citizen participation meeting on Tuesday, February 7, 2012 from 3:00-5:00 pm at Las Sendas Golf Club to hear more about this exciting new project at Las Sendas. There will be a question and answer session from 4:00-5:00 pm.

Sincerely,

LSM Golf, LLC

CITIZEN PARTICIPATION MEETING

FEBRUARY 7, 2012

3 PM – 5 PM

LOCATION: Banquet Facility Site at Las Sendas Golf Club, Mesa, AZ

LAS SENDAS REPRESENTATIVES IN ATTENDANCE: Lloyd McBean, Managing Partner
Wayne McBean, Managing Partner
David Iverson, Projects Manager
Dennis Shaw, Director of Food & Beverage
Lisa Calbick, Office Manager (as secretary)

Site location was staked out to show outer dimensions of building and height. Plans were enlarged for viewing and posted on site.

Lloyd McBean presented the project and reasons behind the project: The proposed banquet facility will be a 60 X 100 building, 6,000 square feet on main level with a basement. The proposed building will have a kitchen and 3,000 sq foot banquet hall for a maximum of 300 people. The reason for the banquet facility is the demand that Las Sendas Golf Club has had for a larger banquet space that will not impact the current restaurants. With this space, Las Sendas Golf Club will no longer need to close their public restaurants to accommodate private events. With the privatization plan that Las Sendas Golf Club has in place for the golf course, which is to make the golf course private (members only) at 350 members, the restaurants and banquet facility will always remain open to the public.

Concerns:

Q-Will this facility help or impact the drainage problems that Las Sendas currently has?
A-This project will not impact the drainage problem in the Las Sendas golf colony. We used Allen Engineering to confirm this.

Q-What about the noise?
A-The building will be self contained.

Q-Will there be events held in the building every day?
A-The building will only be used when sold for a food & beverage event.

Q-How will this impact the existing Trailhead center and their banquet facility?
A-The Trailhead center only sells space and does not have a kitchen /f&b staff on site – their events must be catered in. Las Sendas will not be selling space alone, but rather selling the food & beverage. If a customer calls looking for space only, we will direct them to the Trailhead center, thus increasing the Trailhead sales.

Q-Will this add employment opportunities?
A-This will add approximately 10-15 full time and approximate 30 on call banquet job opportunities.

Q-What will happen with the dirt when you dig out for the project?
A-The fill dirt will be used to re-shape our current range tee area on the golf course.

Q-Is there a drainage plan and will it be made available?
A-The drainage plan is available to any who wish to see it.
