

# City Council Report

**Date:** January 13, 2020  
**To:** City Council  
**Through:** Michael Kennington, Deputy City Manager/Chief Financial Officer  
**From:** Edward Quedens, Business Services Director  
Matt Bauer, Procurement Administrator  
**Subject:** Three-Year Term Contract with Two Years of Renewal Options for Leak Detection Equipment for Water Distribution and Transmission Mains for the Water Resources Department **(Citywide)**

## Recommendation

Council is requested to approve the award as recommended.

A committee representing the Water Resources Department and Purchasing evaluated responses. The evaluation committee recommends awarding the contract to the highest scored proposal from Construction Product Marketing, LLC, at \$80,000 annually, with an annual increase allowance of up to 5% or the adjusted Consumer Price Index.

## Background / Discussion

This contract will provide a qualified manufacturer along with their authorized resellers to furnish the latest in electronic water leak monitoring systems to assist with minimizing water loss and the size of excavations and damage to streets when making water main repairs to underground water infrastructure.

The City requires an electronic water leak monitoring system of the newest technology for long term on-site monitoring for locating of leaks between two points in the distribution system on any size or material of pipe and increase the sensitivity of the location of the leak to within 3 feet. The system will provide up-to-date software to enhance the City's leak detection program.

The City solicited for Electronic Water Leak Monitoring System on 9/24/2019. Proposals were due 10/15/2019. The City received three proposals, of which all met the minimum qualifications. The evaluation committee completed the Final Scoring of these responses against the scoring criteria in the solicitation. Based upon the evaluation results the evaluation committee determined that Construction Product Marketing, LLC submitted the most advantageous offer. The evaluation was conducted by and points were awarded by consensus by the evaluation committee. Award is being recommended to the highest scored respondent, Construction Product Marketing, LLC. The evaluation committee unanimously agreed on the recommendation.
