this design feature sits back 15' from the face of the building

this masonry protrudes 16" farther out than the O.H. door. But we still request relief from any other changes to this elevation because its purpose is for RV service work and it sits back 470'-0" from McKellips road and has RV sales area in front so it is easily visible from street level on the road

AWNINGS ABOVE O.H. DOORS; PROTRUDE 24"

this design feature sits back 15' from the face of the building
