

Citizen Participation Plan

Evergreen at Haws

Purpose:

The purpose of this Citizen Participation Plan is to provide the City of Mesa staff with information regarding the efforts made and actions already taken by the applicant to inform citizens and property owners in the vicinity concerning the applicant’s requests to the City of Mesa for a Rezoning and Site Plan Review. This request is for the proposed development located on the 4.9 acres located north and east of the northeast corner of Hawes Rd. and Desert Ln. in Mesa (APNs 304-03-946 & 304-03-845A). (The “Property”).

By providing opportunities for citizen participation, the applicant has ensured and will continue to ensure that those affected by this application have had an adequate opportunity to learn about and comment on the proposed plan. The applicant has provided neighborhood notice for a neighborhood meetings and will also provide notice of future public hearings. The citizen participation and outreach format proposed are consistent with the City’s notice with updated guidelines for the Citizen Participation and Neighborhood Outreach process for rezoning and site plan review cases. These guidelines permit alternative methods such as zoom, telephonic platforms, and video conferencing options, or similar methods, which is proposed in this Citizen Participation Plan.

Contact Information:

Those coordinating the Citizen Participation activities are listed as follows:

Sean B. Lake

Pew & Lake, P.L.C.
1744 S. Val Vista Drive, Ste. 217
Mesa, Arizona 85204
(480) 461-4670 (office)
(480) 461-4676 (fax)
Sean.Lake@pewandlake.com

D.J. Stapley

Pew & Lake, P.L.C.
1744 S. Val Vista Drive, Ste. 217
Mesa, Arizona 85204
(480) 461-4670 (office)
(480) 461-4676 (fax)
djstapley@pewandlake.com

Action Plan:

To provide effective citizen participation in conjunction with this application, the following actions will be taken to provide opportunities to understand and address any real or perceived impacts that members of the community may have relating to the proposed development:

1. A contact list has been developed for citizens and agencies in this area including:
 - a. Interested neighbors – focused on 1000+ feet from parent parcel, but may include more;

- b. Registered neighborhood associations within 1 mile of the subject property and Homeowners Associations within 1/2 mile of the project. The City noted there are no such listed for this property (see attached email from City).
2. An online neighborhood meeting was held by the applicant to provide the opportunity for members of the public to discuss the proposed project. It was held using Zoom's online meeting technology, which complies with City policies. An attendance/participation list and a summary of the meeting will be submitted to the Planning Division.
3. The notification list for the neighborhood meeting included the above-referenced contact list of all property owners within 1000+ ft. of the subject property, HOAs within 1/2 mile, and neighborhood associations within 1 mile (The HOAs and registered neighborhood contact lists provided by the City of Mesa). A copy of the notification letter for the neighborhood meeting and contact list is attached to this Plan.
4. The notice letter and information provided on the neighborhood meeting presentation listed the options for contacting the applicant by phone or by the online neighborhood meeting to ask questions, comment on the request, and receive feedback from the applicant. This procedure has allowed and will continue to allow the surrounding neighbors to view the project details and contact the applicant regarding the project.
5. Those who provide contact information to the applicant will be added to the public hearing notification list. A meeting summary and outline of the comments and issues provided to the applicant will be submitted to the City Staff along with the Citizen Participation Report for this case. A summary of the main topics are summarized as follows:
 - Amenities are similar those desired in the adjacent HOA
 - The adjacent neighbor on the corner to the east was happy to see the site get cleaned up and open space/entry gate behind her home.
 - Generally, the neighbors acknowledged that the RM-2 zoning behind their homes will stay the same, and the change from OC to RM-2 on Haws will allow this project to have additional open space amenities, quality design features, and less traffic than the current zoning fabric.
 - Concerns were voiced about traffic and safety of children near a bus stop on the south near the church. The applicant will work with the school district, who will study that issue and can relocate the stop if needed.
 - It was asked if this project will receive government funding. The applicant reported this is a market rate project that is private financed. No government funding, no government subsidies or funding exists for this project.
 - A neighbor noted that she values the quaintness and safety of the neighborhood. She is concerned that the proposed development will drastically increase crime

and traffic, which could affect her HOA fees. The applicant reported that the project is designed to be high quality and does not expect this kind of development to have the referenced impacts on crime and traffic on the neighborhood. The community is gated and the amenities will be available for the residents.

- Nearby neighbors with children are concerned about speeding in the adjacent HOA. The applicant stated that if requested, the transportation department can conduct a study and if warranted, they can construct speed bumps or similar measures.
 - A neighbor noted that it was important to have adequate parking and space for maneuvering of vehicles. This project complies with parking standards established by the City. The plans indicate how it will comply with the parking requirements. There is provision for guest parking and spaces for each unit. Driveways and radii comply with fire access requirements.
 - A neighboring property owner to the north owns a home adjacent to the proposed pool area. He asked if the current block wall become a common wall between the 2 developments. Another neighbor noted that maintaining an even grade on both sides of the wall can help ensure its integrity over time. The applicant responded that the developer would take note of maintaining an even grade, which is required in these circumstances. The existing wall will become the boundary wall. That is the common procedure that whoever builds first builds the boundary wall. That area will not have the backyards of adjacent homes and a landscape buffer, which should help address any impacts. We are guessing the wall is probably right on the property line or slightly more on his lot. The City of Mesa does not allow parallel walls.
 - Would the construction process cause more scorpions and other creatures? The applicant responded that there will be grading of the site, no matter what is built. For a time, there may be more creatures. There are treatment methods and dust control and construction permits. They protect as best as they can to minimize impacts.
6. Presentations will be made to groups of citizens or neighborhood associations upon request.
 7. For public hearing notice, applicant will comply with City requirements, which requires posting a minimum of one (1) 4' x 4' sign(s) on the property. The sign(s) will be placed on the property on or before the Wednesday two weeks prior to the Planning & Zoning Board meeting in accordance with City requirements. A notarized document with attached photograph of the sign(s) will be submitted to the Planning Staff to be kept in the case file.

Tentative Schedule:

Pre-Submittal	February 18, 2022
Formal Submittal to City	June 29, 2022
<i>Follow-Up Submittal Estimated</i>	<i>August 8, 2022</i>
<i>Planning & Zoning Public Hearing</i>	<i>September 28, 2022</i>

Attached Exhibits:

- 1) Neighborhood meeting summary and participant list
- 2) Copy of Notice Letter for the neighborhood meeting
- 3) Notification map of surrounding property owners within 1,000 ft. of the Property
- 4) List of property owners within 1,000 ft. of the Property (based on the Maricopa County Assessor Records).
- 5) List from the City of Mesa of HOAs and Registered Neighborhoods

Participant List
Neighborhood Meeting
Evergreen at Haws
NEC Haws Rd. and Desert Lane

May 3, 2022 at 6:00 pm

Online Zoom Neighborhood Meeting
www.zoom.us

This neighborhood meeting summary describes the results of the neighborhood meeting and citizen outreach for the Evergreen at Haws rezoning and site plan review. Submitted with this summary are the participant list, meeting presentation, neighborhood meeting notice letter, notice map, and notice list.

Neighborhood Meeting Duration and Attendance – The neighborhood meeting began at approximately 6:02 pm and ended at approximately 6:57 pm. Present for the applicant were Bob Caravona from Evergreen and Dave West from Terrascope design. Sean B. Lake and D.J. Stapley from Pew & Lake, PLC attended for the applicant.

Regarding citizen attendance, 18 neighbors and devices were noted on the Zoom online participant list, some entering and leaving during the meeting. The total estimated participants is 18 (see attached participant list).

Summary of topics discussed – Overall, many of the questions related to general questions about the project. There were some concerns about safety for children at a nearby bus stop on Desert Lane. Some noted they liked the project. A few neighbors referenced concerns with increased traffic from this project and speeding on Desert Lane. They hope the project will have adequate parking.

Summary of Neighborhood Meeting – Mr. Lake began the meeting with introductions and gave a brief presentation (see attached), which is summarized as follows:

- Meeting instructions and format
- Project location and history
- Proposed requests
- Described the development
- Brief presentation of the proposed site layout and conceptual elevations. The proposed development is a gated residential development. Open space, parking, and the perimeter landscape setbacks for the private yards will meet or exceed standards. Overall, the development will have a nice quality appeal.
- Zoning process: The applicant has not yet submitted a first submittal. After filing the formal application, the applicant will work with the Mesa staff to fulfill requirements. After the City completes its review and deems the application ready, there will be public meetings at the Planning & Zoning Commission with final consideration by the City Council.

Questions, answers and comments were taken (See below). Generally, the property owners at the meeting were supportive other than clarifying and addressing some of comments below.

Summary of Citizen Comments and the Applicant's Responses

1. What is the financing for this? There was a law regarding increasing density to four on an area. Would this receive government funding?

A. It is private financed, Evergreen and property other investors. No government funding, no government subsidies or funding exists for this project.

2. A neighbor asked about whether the plan has carports or garages.

A. Mr. Lake and Dave West pointed out that there are carports and garages on the plan.

3. If this is gated, will it take a card to get in or out?

A. It will likely be a keypad or clicker to enter the project.

4. Will there be an HOA?

A. There will be a common ownership entity that maintains everything, roads, landscaping, amenities, etc.

5. A neighbor noted that she values the quaintness and safety of the neighborhood. She is concerned that the proposed development will drastically increase crime and traffic, which could affect her HOA fees.

A. Mr. Lake discussed how the project is designed to be high quality and does not expect this kind of development to have the referenced impacts on crime and traffic on the neighborhood. The community is gated and the amenities will be available for the residents.

6. A neighbor asks if the applicant will continue to build this project on the existing RM-2 land if the OC rezone does not go through.

A. We have not asked, but we assume someone else would come and propose something. Even if the OC were to stay and get built, the existing zoning with OC would be a worse option because that zoning district allows office and other commercial uses that have more traffic and impacts than this residential proposal. Leaving the OC zoning in place will leave an awkwardly shaped residential parcel that would make it harder to develop something good. Combining will allow someone to do something nice with extra open space and amenities.

7. A couple neighbors with special needs children noted there is a bus stop near the south entry on Desert Lane. They have concerns with the growth in traffic from this development, traffic conflicts, and safety at the bus stop.

A. We will reach out to the school district because they manage the locations of school bus stops. They might be able to shift the location of the pick-up and drop-off point.

8. These neighbors with children using the bus stop are also concerned about speeding in the neighborhood.

A. Another neighbor who responded to this comment and believed that traffic is a city issue because of the public streets. Mr. Lake responded by offering to contact the transportation

department. He has seen situations where they do a study and if warranted they can construct speed bumps or similar measures.

9. Neighbors noted that providing adequate parking was important. And the spaces and drive aisles need to be adequately sized to help cars and trucks maneuver onsite.

A. The project does not deviate from the parking standards established by the City. The plans indicate how it will comply with the parking requirements. There is provision for guest parking and spaces for each unit.

10. A neighbor commented about the need to design parking areas to have room for fire access purposes. This is in context of her street where originally parking was limited to one side, but that eventually changed.

A. We will submit these plans to the Fire Department to make sure this complies. This will be designed to allow room for fire trucks to enter, turn, and access all of the homes.

11. Units backing up to Haws, is there a drive to access the units behind? Will people park in the parking area?

A. Mr. Lake pointed to the parking area where people will park. The homes along Haws are single-story with back yards that are accessible to each home. Outside of the perimeter wall is perimeter landscaping that is comparable depth to the surrounding area.

12. A neighbor who supports the project discussed how the nearby park offers amenities, and individual lots can build pools.

A. This was noted.

13. Will there be guidelines for water usage since we are experiencing drought conditions.

A. The City has guidelines regarding water usage, and we will comply. The proposed plan has designated areas with turf, but a majority of the landscape plan incorporates xeriscape and low water use kinds of plants.

14. Does Evergreen own either of the two parcels?

A. Evergreen is under contract for both of the parcels.

15. A neighbor asked about the project schedule and timing of construction, assuming approval.

A. The rezoning process takes approximately 4-6 months, followed by approximately 1 year of platting and permits.

16. What is the square footage of these homes?

A. The homes are approximately 1,000 to 17,000-1800 SF. There will be 1, 2, and 3-bedrooms.

17. Will these be rental homes? Will the same owner rent them out?

A. The applicant has not yet decided whether they will be purchased or sale. We know that there are situations where someone buys all of the lots in a subdivision and rents them out.

Price points are increasing so greatly in this very unique market. We hope the property values will not go up forever.

18. Another neighbor likes the project and does not understand what the concerns are about traffic. She thinks this is better than apartments.

A. This was acknowledged.

19. The adjacent property owner with a lot adjacent to Desert Lane was concerned about the density and traffic activity of proposed homes behind her home. She seeks a tranquil neighborhood.

A. Sean noted that we are not changing the RM-2 use behind her house. We are changing the OC use, which allows commercial offices and other kinds of commercial uses. We think residential has less traffic than commercial. It has been zoned like that for some time.

When asked what was located behind her home, Mr. Lake pointed to the development plan and showed the entry landscaping on Desert Lane with trees and landscaping, then the gated entry behind her house. Along Desert lane behind her home, it will be approximately 80-100 ft. of landscaping, then the entry, then the church property to the west.

She concluded that it looks terrible on the vacant lot right now. She felt better when she saw that there are no homes proposed behind her and the proposed landscaping on Desert Lane.

20. A concern was voiced about not having a common pool or HOA amenity area. She would prefer to have that kind of recreational amenity by their homes.

A. Mr. Lake noted that their original developer did not choose to do that. Just as they cannot go to the HOA to the north to use their amenities, you can share when invited by friends. In this case, the project provides common amenities and payment structure to make sure the pool is maintained, the barbecue amenities cleaned, trash collected, etc. Friends who visit their neighbors can share the amenities.

21. A neighboring property owner owns a home adjacent to the proposed pool area and acknowledges the potential noise in that area. He asked if the current block wall become a common wall between the 2 developments. Another neighbor noted that maintaining an even grade on both sides of the wall can help ensure its integrity over time.

A. We will take note of maintaining an even grade. The existing wall will become the boundary wall. That is the common procedure that whoever builds first builds the boundary wall. That area will not have the backyards of adjacent homes and a landscape buffer, which should help. We are guessing the wall is probably right on the property line or slightly more on his lot. The City of Mesa does not allow parallel walls.

22. What are the opportunities to continue to participate in the process?

A. Mr. Lake shared his contact information if there are further questions or comments. Those who received a letter and participated in this meeting are on the list to be notified for

future mailings and public meetings. Anyone who takes the contact information shared on the PowerPoint can reach out and get on the notice list.

23. Would the construction process cause more scorpions and other creatures?

A. There will be grading of the site, no matter what is built. For a time, there may be more creatures. There are treatment methods and dust control and construction permits. They protect as best as they can to minimize impacts.

24. Will it be noisy during the build?

A. There will be some noise during construction, but there are limited hours when that can occur.

NOTICE OF NEIGHBORHOOD MEETING

Dear Neighbor:

Together with our client, Evergreen Investment Company, LLC, we are pleased to invite you to an online neighborhood meeting to receive your input regarding a rezoning and proposed development on the approximately 5.1 acres of vacant land located north and east of the northeast corner of Hawes Road and Desert Lane, behind the church property. Specifically requested is a rezoning from RM-2 and OC to RM-2 PAD and site plan review to allow for a high-quality residential gated community with attached and detached homes. Given the efforts to meet or exceed Mesa's standards for architecture and landscaping, the proposed plan will include special design qualities that will create a distinctive development and complement the surrounding area.

This proposal is early in the process – no formal applications have been filed with the city. This letter has been sent to nearby property owners to discuss this request and receive comments and feedback that will inform the development process. A copy of the aerial map and preliminary site plan are enclosed with this letter. **A neighborhood meeting** will be held electronically via Zoom, a free online service, as follows:

Date: May 3, 2022
Time: 6:00 p.m. (Arizona Time)
Website: www.zoom.us
Meeting ID: 862 2577 7849 **Password:** 100

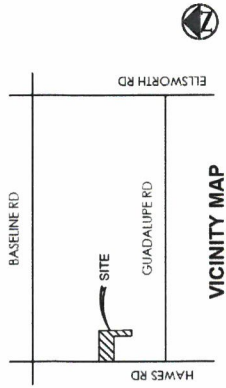

If you wish to participate in the online Zoom meeting, before the meeting begins, please connect and fill-in your contact information if asked. Then, Zoom will email you a link and options for entering the meeting by phone or device at the date and time above. If you have any questions, please contact either me or D.J. Stapley in my office by phone at 480-461-4670 or by email at sean.lake@pewandlake.com or djstapley@pewandlake.com. We welcome any comments and feedback on this case and would be happy to discuss it with citizens or groups upon request.

At this time, no public hearings have been scheduled. When any meeting date is known, the property will be properly noticed, and anyone who reaches out to us and provides their contact information will be notified.

Sincerely,

Sean B. Lake
