# Micromobility & Parking RFQ

Jeff McVay  
Manager of Downtown  
Transformation

Jimmy Cerracchio  
Downtown Transformation  
Project Manager

## GOALS

- Improve conditions for vehicles, pedestrians, bikes, scooters, and other forms of micromobility
- Consider future mobility advancements (autonomous vehicles, autonomous shuttles, etc.)
- Update parking inventory and assess demand and needs
- Improve wayfinding for parking, transit and major attractions
- Focus on Downtown Mesa (Country Club to Mesa Dr, University Dr to Broadway Rd); consider connections to surrounding area

# SCOPE OF WORK

- Assessment of existing conditions
- Community engagement
- Review of existing plans, city ordinance, and state regulations
- Develop plan and future-state recommendations
- Meetings and progress updates with City staff and Council

# BUDGET & TIMELINE

- Budget: \$100,000
- Timeline
  - Selection process: 6 months
  - Plan development: 9-12 months

# Questions and Discussion
