

City Council Report

Date: May 19, 2025
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Kristy Garcia, Procurement Administrator
Subject: Eight-Month Term Use of a Cooperative Contract with Renewal Options for Sewer Inspection CCTV Equipment, Parts, and Services (Upgrade) for the Water Resources Department **(Citywide)**

Recommendation

Council is requested to approve the award as recommended.

The Water Resources Department and Procurement Services recommend authorizing the purchase using the Sourcwell cooperative contract with RapidView at \$500,000 annually with an annual increase allowance of up to 5% or the adjusted Consumer Price Index.

Background / Discussion

The department's current CCTV inspection equipment is outdated and will no longer be supported by the vendor. Upgrading to an advanced AI-powered solution for sewer condition assessment is required to ensure a smooth transition to SewerAI, the City's underground infrastructure management system. This purchase will enable the modernization of hardware and robotics, enhancing operational efficiency and maintaining the effectiveness of our inspection processes.

CCTV equipment is used for inspecting and assessing sewer infrastructure. This technology is crucial for preserving the integrity of sewer pipes, pipelines, and manholes. By identifying issues early, these tools enable the department to take proactive measures to prevent failures and strategically plan projects that enhance the longevity of the wastewater collections system.

The Sourcwell cooperative contract was competitively bid and meets the City's procurement requirements. Utilizing the Sourcwell contract allows the City to receive competitive rates based on a formally solicited agreement. The City believes the price is fair and reasonable and soliciting for these services and products would not result in the City receiving more favorable pricing or terms.

Purchase Information

Action: Award
Procurement Type: Cooperative Contract Use

Contract Number: 2025196

Contracting Agency/Contract Numbers: Sourcewell/1200721-RVL

Local Consideration: Policy did not apply to this procurement method

Initial Contract Term: 5/19/2025 – 1/17/2026

Possible Renewals: Up to a maximum of one year subject to Sourcewell renewal and Mesa
Administrative review and approval

Funding Source: Wastewater Enterprise Operating and Maintenance fund
