

City Council Report

Date: January 10, 2022
To: City Council
Through: Michael Kennington, Deputy City Manager/Chief Financial Officer
From: Edward Quedens, Business Services Director
Kristy Garcia, Procurement Administrator
Subject: Purchase of One (1) Portable X-Ray System (Replacement) for the Mesa Police Department **(Grant Funded) (Citywide)**

Purpose and Recommendation

Council is requested to approve the award as recommended.

The Police Department and Purchasing recommend awarding the contract to the lowest, responsive, and responsible bidder, Scanna MCS, Inc. at \$30,545.56, based on estimated requirements.

Background / Discussion

The Police Department received a Homeland Grant award to purchase a Portable X-Ray System for the Bomb Unit. The new system will replace an old outdated portable x-ray system that was purchased in 2008 and is no longer serviced or supported by the vendor. The Bomb Unit has purchased ScanX Scout Systems in the past and continuity of equipment is preferred.

Explosive Ordnance Disposal (EOD) missions include device assessment, device safe rendering/transport/disposal and confirmation a specific area is cleared of all hazards. This equipment will be used at demonstrations, sporting events, dignitary events, special events, or any other event with a large gathering of people.

X-ray systems are the primary tool for the bomb technician for examining suspicious devices. This system is versatile x-ray equipment with the ability to scan small and large items. This item is not backpackable; however, it can be used with a mosaic system to scan large suspicious items and devices. Having this ability to scan larger items, for example trunks of vehicles, is imperative for bomb technicians.

Purchase Information

Action: Award
Procurement Type: Request for Bids
Contract Number: 2022091
