

## **Fees and Charges Report**

**Date:** June 6, 2022  
**To:** City Council  
**Through:** Scott J. Butler, Deputy City Manager  
**From:** Corinne Nystrom, A.A.E., Airport  
Director Rick Welker, Financial  
Coordinator  
**Subject:** Proposed Changes to Falcon Field Airport Schedule of Fees and  
Charges - Citywide

### **Purpose and Recommendation**

The purpose of this report is to recommend modifications to the Falcon Field Airport's Schedule of Fees and Charges.

### **Background**

Falcon Field Airport continues to serve the general aviation needs of the region. It currently rents City of Mesa-owned property and facilities, including three (3) Large Executive Hangars, 6 Small Executive Hangars, 39 Large T-Hangars, 361 Regular T-hangars, 115 Covered Tie-downs, 282 Tie-downs, 80 small end of hangar storage units and 8 large end of hangar storage units. There are increases in Administrative Maintenance and Operations expenses. These include increased utility, insurance and pavement costs. We propose an increase to the Hangar and Storage Room Rents and an accompanying Hangar and Storage Room Rent Deposits. There is increased demand for aircraft storage including Open Tie-down storage. This has created a waiting list for the Open Tie-down spaces. We assess a wait list fee for hangars and storage rooms and propose an Open Tie-down storage wait list fee. Increased activity on the airport has amplified the need for additional administrative fees for on airport coordination. We propose a Special Events Parking on airport fee and a Special Events Administration fee. These changes will enable the Airport to continue to be self-sustained and to stay more current with the rates being charged for enclosed aircraft storage by similar businesses and airports.

### **Discussion**

Falcon Field Airport reviews its Schedule of Fees and Charges on an annual basis to determine the relevance and reasonableness of all fees and charges. An annual survey is conducted to compare similar fees and charges with surrounding general aviation airports. Based on an analysis of the most recent survey results, Falcon Field proposes

an approximate 5% increase in the current monthly rental rate for all aeronautical storage and accompanying wait list fees and new administrative fees. This provides additional financial resources for increased costs in utilities, insurance and pavement costs at the Airport and enables the Airport to stay more current with the rates being charged for enclosed aircraft storage.

### **Alternatives**

The alternative would be to leave the current fees in place and not reflect any adjustments.

### **Fiscal Impact**

The estimated fiscal impact that the proposed fee adjustments will result in approximately \$146,015 of total additional revenue in FY 2022/23.

### **Coordinated With**

Falcon Field Airport has coordinated with the Office of Management and Budget on this recommendation to make changes to the Airport's Schedule of Fees and Charges.
