

# City Council Report

**Date:** October 3, 2022  
**To:** City Council  
**Through:** Michael Kennington, Deputy City Manager/Chief Financial Officer  
**From:** Edward Quedens, Business Services Director  
Kristy Garcia, Procurement Administrator  
**Subject:** Use of a Cooperative Contract for Project Management and Development of Computer Aided Dispatch (CAD) Hazards and Live911 Integration for the Mesa Police Department **(Grant Funded by American Rescue Plan Act Funds) (Citywide)**

## Purpose and Recommendation

Council is requested to approve the award as recommended.

The Police Department and Purchasing recommend authorizing the purchase using the Omnia Partners / Fairfax County, Virginia cooperative contract with Insight Public Sector for \$142,000, based on estimated requirements.

## Background / Discussion

In June 2021, Council approved the purchase of Insight's Citgraf software system that organizes, consolidates, and analyzes all data sources to gain real-time insights, crime analysis, automation, and collaboration across all City departments. The software provides situational intelligence required to facilitate informed decision-making.

The Police Department is requesting continued support of the Real Time Crime Center (RTCC) through this purchase of Insight architecture services, project management services and development of CAD hazards, Live911 and resulting product for Live911 integration. The tools and services provided by Insight will allow RTCC personnel to monitor evolving risks, increase officer safety and protect the Mesa community and citizens.

Omnia Partners issued a competitive solicitation for Fairfax County, Virginia on behalf of itself and other government agencies for Technology Products, Services, Solutions and Related Products and Services. Omnia Partners awarded the contract to Insight Public Sector. The cooperative contract meets the City's procurement requirements and is advantageous for the City.
