

Project Narrative

The subject request is to rezone the property from Agricultural (AG) and Light Industrial (LI) to Public and Semi-Public (PS) to allow the development of a public facility, including public park and recreational facilities. The property is located west of Center Street and north of McKellips Road, as well as bordered by the Loop 202 to the north and west. Currently, the property is vacant and owned by the City of Mesa. Over the past year, the City has engaged the surrounding community of the intent to develop the property as a public facility including a soccer field and associated programming. However, a rezoning of the property to a permitted zoning district for the intended uses is required. Per Section 11-7-2 of the Mesa Zoning Ordinance, public parks and recreation facilities are not allowed in the Light Industrial zoning on the property. The subject request is to rezone the property to Public and Semi- Public district. Per Section 11-10-2 of the MZO, public parks and recreation facilities are allowed in the requested zoning district.

Citizen Participation Report for North Center Sports Fields Case # ZON21-00191

Date of Report: April 6, 2021

Overview:

The purpose of this Citizen Participation Report is to provide the City of Mesa staff with updated information regarding the efforts made by the City of Mesa to inform citizens and property owners in the vicinity, for the North Center Sports Fields project. This site is located within the 2200 block of North Center Street (westside), and is an application for the rezoning of 5.6 acres from AG and LI to PS for a public park facility. This report provides evidence that citizens, neighbors, public agencies, and interested persons have had adequate opportunity to learn about, and comment on the proposed plans and actions addressed in the application. Comments, sign-in lists, petitions, letters, summary sheets, and other materials are attached.

Contact Information:

Valerie Ahyong
Landscape Architect
City of Mesa – Engineering Department

Actions Taken:

In order to provide effective citizen participation, the following public meetings and events were facilitated to provide opportunities to understand and address and real or perceived impacts the development may have with the members of the community.

- 2018 General Obligation Bond
 - Voter approved program, which approved and funded this project.
- February 25, 2020, 6-7PM – General Public Meeting #1 – In Person
 - Flyers mailed: 1 mile long x 0.75 miles wide
 - 1,050 Flyers were printed and mailed to the area shown on the attached map
 - Engineering posted Public Meeting notifications twice on Nextdoor to all of Council District 1 and had received 2,314 impressions (views) collectively
 - Public meeting was posted on Vic-Mayor Freeman's Social pages
 - Engineering posted with Peach Jar - This service sends an email to everyone registered at both Whitman and Kerr Elementary School zones.
 - Engineering hand delivered flyers to approx. 90 homes directly surrounding the propose site
 - Engineering Hand delivered invitation flyers to the property management groups and business directly surrounding the site. Including businesses north of the 202 accessed from Center Street
 - Meeting was published November 8th and November 15th in the Mesa Tribune
 - Meeting notice posted on the PRCF Planning and Projects Page
<https://www.mesaparks.com/parks-facilities/planning-and-development-projects>
 - PRCF posted reminders of the public meeting twice on their Facebook page
 - PRCF reached out through their athletic division to gain impute from their various sports groups

- March 2020 – Lehi Community Focus Group Meeting – Virtual (CM Freeman, Kari, COM Engineering, COM Transportation & PRCF Directors)
 - This meeting was initially to be in person at Mesa City Plaza and was switched to a virtual meeting due to the COVID pandemic.
 - Lehi community concerns regarding park location and features.
 - Virtual presentation provided to a small group representation from Lehi.
 - Items of concern were addressed through additional funding provided by Transportation to provide a rural aesthetic and added ROW amenities along Center Street.
 - Concerns regarding traffic – City later conducted a traffic study and reviewed past studies.
- June 8, 2020 – Lehi Community Driveway Meeting (Dept Directors and CM Freeman)
 - On site meeting within Lehi sub area.
 - I will need to request details from Katie, CM Freeman’s assistant.
 - Comments from Lehi were vocalized during the meeting with some additional email follow up.
- September 2020 – Lehi Equestrian Focus Group Meeting (Beth and Kari)
 - Kari and Beth met with a small group that were interested in revising the park site to an equestrian center.
 - The request was denied due to the commitment of the bond program, however other sites and amenities for consideration were discussed. Currently no funding or sites within the City are available to facilitate this request.
- November 17, 2020, 6-7PM – General Public Meeting #2 – Virtual
 - Notification distance varied from 0.5miles to 2.5mile = 2.5square miles in total, see attached map.
 - 3,034 Flyers were printed and mailed to the area shown on the attached map
 - 150 Flyers were hand delivered to area shown on the attached map
 - Engineering posted Public Meeting notifications twice on Nextdoor & Twitter to all of Council District 1
 - Public meeting was posted on Vic-Mayor Freeman’s Social pages
 - Engineering posted notification on Mesa’s En Espanol 11/6, 11/9, 11/13 and 11/16
 - Meeting was published Sunday, February 16th and Sunday February 23rd in the Mesa Tribune
 - Meeting notice posted on the PRCF Planning and Projects Page <https://www.mesaparks.com/parks-facilities/planning-and-development-projects>
 - PRCF posted reminders of the public meeting on their Facebook page 11/3, 11/4, 11/10, 11/16
 - PRCF reached out through their athletic division to gain impute from their various sports groups
- Additional outreach/coordination efforts beyond noted above:
 - Councilmember Freeman has had a handful of outreach efforts directly with the Lehi Community residents.
 - Direct Lehi Community and adjacent neighborhood coordination and inquiries throughout period noted above and to date via CM Freeman, Transportation, Engineering, and/or PRCF.
 - Various emails have come through the City regarding general concerns and requests. Those items have been addressed directly through our COM Public Relations Group or via Councilmember Freeman and Katie directly.
 - COM Engineering/ PR direct communication with adjacent property owners and ADOT to coordinate various site/design items such as fencing, site impacts, etc.

- Coordination with developer for Pasadena Estates, directly across the street from the park site, for coordination with offsite improvements.
- Coordination with ADOT on possible maintenance agreement for ADOT basin due east of site for a future equestrian use site (still in progress)
- Utility coordination with outside agencies such as SRP, CenturyLink, and other utility companies associated with site improvements.
- Direct coordination with developer of Pasadena Estates, directly east of North Center, across the street from North Center Sports Fields project regarding ROW/Street improvements.

Summary of Concerns, Issues, and Problems, and Resolutions:

Comments have been a variation between the following items:

- Mixed group of users within the Lehi Community who are either opposed or in favor of the project. No action change as this project is an approved 2018 General Obligation Bond project. This has been a constant reminder and message at all meetings noted above.
- Comments regarding safety, traffic; those items have been addressed with revisions to site design, signage, pork chop, etc. Site is by reservation only and gated when not in use, so security and general use not the same in comparison to other park sites. An additional traffic count was conducted after the public meeting to understand safety concerns. Report found no evidence of heavy traffic during the study.
- Comments regarding equestrian aesthetic/feel to match with Lehi community; funding added to provide additional site upgrades such as detached sidewalk, landscaping, vinyl white fencing along Center in front of the park, and a decomposed pathway along Center Street on the east side.
- Adjacent neighbors concerned about views, fencing, landscaping; items have been addressed as part of the design.
- Questions and comments regarding park use, reservations, programming, features, amenities, etc; comments were addressed during public meetings and items that were relevant from an amenity standpoint, that also fit within program intent and budget, were addressed.

Attached Exhibits:

1. 2018 General Obligation Bond Program Information Guide
2. Site Plan posted on the City of Mesa's Parks, Recs, and Facilities website
3. Map of Notification Area from February 2020 Public Meeting 1
4. Mailing List for Public Meeting 1
5. Presentation Board Graphics from Public Meeting 1
6. Lehi Community Focus Group Presentation (March 2020)
7. Lehi Community Meeting Memo/Packet (June 2020)
8. Map of Notification Area from November 2020 Public Meeting 2
9. Mailing List for Public Meeting 2
10. Public Meeting Presentation from Public Meeting 2

2018 Proposed General
Obligation Bond Program
Information Guide

2018 General Obligation Bond Proposal Information Guide

What is a Bond Program?

A bond is a form of debt obligation that, when issued, provides local government with funds to finance large capital improvements. A Bond Program includes both the authority to issue bonds and a listing of the purposes for which the funds may be used. General Obligation Bond programs, such as the City of Mesa's 2018 Bond program, require voter approval.

What can General Obligation Bonds be used for?

General Obligation Bonds allow the City to pay for major capital investments having a public purpose, such as public safety facilities, as well as quality of life enhancements related to libraries, and parks and recreation, cultural facilities. Bonds are sold to investors and the proceeds from the sale of these bonds are used to pay for capital projects. Bond funds cannot be used for everyday operating costs for programs such as softball leagues, classes at senior centers, police officers or fire fighters. Such operating expenses are paid for by annual revenue that support the City's General Fund such as sales tax revenue and fees for service.

How are funds repaid that are received through the issuance of General Obligation Bonds?

General Obligation Bonds are backed by the full faith and credit of the City of Mesa, which means that the City is obligated to pay back the bonds plus interest by pledging its ad valorem taxing power. As such, the City uses secondary property tax revenues to repay the General Obligation Bonds in the form of annual principal and interest payments.

Who determined the projects that are included in the bond program?

The City Council ultimately approves the projects that are proposed in the bond program. Projects are identified through several means including citizen and City Council input, and staff recommendations. Some of the projects included in the 2018 proposal were identified during the Imagine Mesa campaign. The projects were then vetted through a public process with City Council. On July 2, 2018, the

Mesa City Council approved a resolution to include the 2018 General Obligation Bond proposal on the November 2018 ballot.

Will the projects in the bond program be modified?

The projects included in the bond program represent the priorities of the City Council. The goal of the bond program is to complete the projects in a timely manner and within approved budgets. There are several factors that can influence a project being completed, including land acquisition cost, construction cost, and operating cost. These factors can result in a project being delayed or re-prioritized. Conversely, if costs are low, resulting in budget savings, additional projects/improvements may be possible. All projects are considered individually by City Council and must be approved prior to construction.

How large is the General Obligation Bond Program for 2018?

The City is proposing a \$196 million 2018 Bond Program. The program is made up of projects in two main areas:

Public Safety: \$85 million

Parks & Culture: \$111 million

A summary of project information, conceptual drawings, and maps is included in this information guide.

When is Election Day?

The election will be held on Tuesday, November 6, 2018.

How can residents learn more about the City's proposed Bond Program?

Residents can view all related Bond Program related information and material on the City's web site at: <http://www.mesaaz.gov/2018ballot>

Question 3 - Public Safety

Approval of Question 3 authorizes the City to issue and sell general obligation bonds in the principal amount not exceeding \$85,000,000 to provide funds to design, acquire, construct, reconstruct, improve, furnish, equip and install: improvements and facilities for public safety, law enforcement, fire and medical emergency services, and related communication systems and facilities, support equipment and vehicles, including acquisition of land.

Fire Apparatus Replacement

Mesa Fire & Medical Department has various types of large, specialized vehicles or apparatus to support fire personnel and meet operational needs. This project provides for the replacement of fire apparatus that have or will have exceeded their useful life based on the Fire & Medical Department's replacement plan.

Northeast Fire Station 222

Construct new Fire Station 222 in the northeast section of Mesa. Funding for land acquisition at a new site has been included in the scope for this project. With population growth there is a need for a fire station to respond to the increased call volumes. This station has the opportunity to combine with the Northeast Police Substation.

Southeast Fire Station 221

Construct new Fire Station 221 in or near the Eastmark community. Funding for land acquisition at a new site has been included in the scope for this project. With population growth there is a need for a fire station to respond to the increased call volumes.

Northeast Police Substation

Construct a new police substation in the northeast section of Mesa. Funding for land acquisition at a new site has been included in the scope for this project. With population growth there is a need for a police substation to respond to the increased call volumes. This station has the opportunity to combine with the Northeast Fire Station 222.

Police Evidence Facility

Construct a new Police evidence facility. This facility, capable of housing the longer term and general evidence storage needs of the Police Department, would be equipped with secure climate controlled and cooler storage.

Communication Fiber

This project would improve the infrastructure that provides voice and data services to fire stations and other City Public Safety facilities over the City's point-to-point wireless network. The installation of this fiber-optic cable would supplement the point-to-point wireless network to improve reliability and increase bandwidth for applications such as Fire Station Alerting, telephones, video conferences, City business applications (such as timekeeping), and the TOPAZ voice radio network. This is the second phase to complete the three rings design to better serve the City's needs.

Question 3 - Public Safety

2018 General Obligation Bond Proposal Public Safety Summary

Fire & Medical \$41.8M

- Fire Apparatus Replacement
 - pumper, ladder, aircraft rescue fire-fighting (ARFF), air/light, tanker, rescue units
- Northeast Fire Station 222
- Southeast Fire Station 221

Police \$35.0M

- Evidence Facility
- Northeast Police Substation

Communications \$8.0M

- Public Safety Fiber

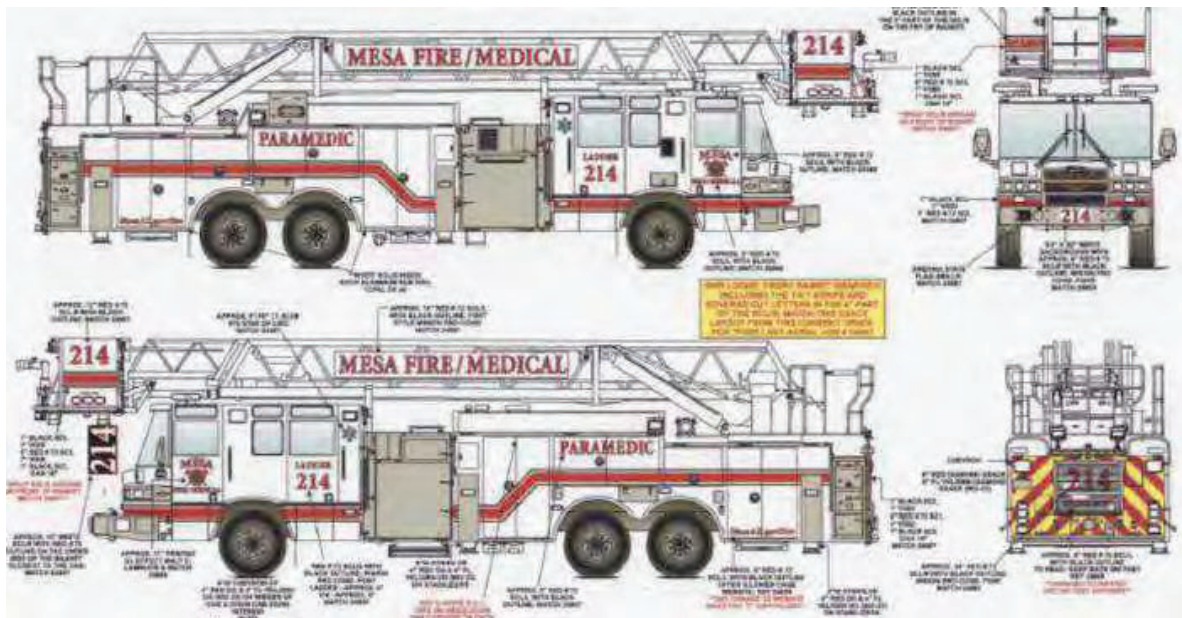

Bond Issuance Cost \$0.2M

2018 General Obligation Bond – Public Safety **\$85.0M**

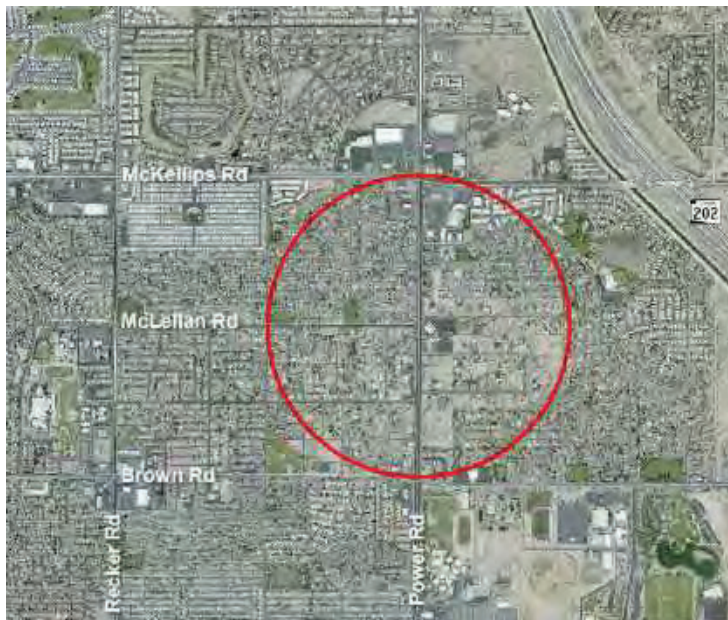

Question 3 - Public Safety

Fire & Medical

\$41.8 MILLION

Fire Apparatus

Northeast Fire Station 222

\$8.0 MILLION

Public Safety Fiber

Map of Projects

Question 4 - Parks & Culture

Approval of Question 4 authorizes the City to issue and sell general obligation bonds in the principal amount not exceeding \$111,000,000 to provide funds to design, acquire, construct, reconstruct, improve, furnish, equip and install: libraries, museums, arts and cultural facilities and improvements, parks, open space and recreational facilities and improvements, including acquisition of land.

Eastern Canal Shared-Use

Path: Brown Road to Broadway Road

Improve 2.3 miles along the Eastern Canal with a focus on signalized pedestrian crossings from Brown Road to Broadway Road

Lehi Crossings South Phase Shared-Use Path

Construct a 2.2 mile path from McDowell Road to Loop 202 near Lehi Crossing

Signal Butte Park Pathway

Construct the remainder of a 46.3-acre park and pathway system at Signal Butte Road and Elliot Road

Monterey Park Athletic Fields

Construct 4 lighted youth baseball/softball fields, 3 lighted soccer fields, a playground shade structure, 420 parking spaces and restrooms adjacent to the existing park near Power & Guadalupe

Crismon Basins

Construct 120 parking spaces to support drop in sports and recreational uses

North Center Fields

Construct 6 lighted soccer fields along with 360 parking spaces and restrooms

Red Mountain Park – Youth Baseball/Softball Fields

Construct 4 lighted youth baseball/softball fields along with parking lot expansion and restroom

i.d.e.a Museum Phase I

Expand the kid's ArtVille environment and Texturescape play area, relocate offices and update building systems

City Center Plaza

Construct a 2-acre public plaza including a water feature and an ice skating rink

Dog Park - Countryside Park

Construct a new 1.5-acre dog park expansion at the existing Countryside Dog Park

Harris Basin Playground

Install new playground at the existing basin near Harris Drive and McKellips Road

Southeast Mesa Library

Construct a new library to serve southeast Mesa

Dobson Library/Main Library Improvements

Construct façade improvements at Dobson Library and new programming space at Dobson Library and Main Library

Federal Building Renovation

Develop an open shell space for public use and bring the building systems up to standard

Red Mountain Community Athletic Fields/Mesa Plays Tournament Athletic Fields (Questions 5 and 6)

Construct 24 lighted soccer fields, lighted parking, pond expansion and restrooms adjacent to Red Mountain Park

Renovating the downtown Federal Building is included in the 2018 Parks & Culture Bond Package.

Question 4 - Parks & Culture

2018 General Obligation Bond Proposal Parks & Culture Summary

Athletic Fields \$61.2M

- Crismon & Elliot Basin
- Monterey Park
- North Center Street
- Red Mountain – Youth Baseball/Softball

MEMORANDUM

DATE: June 9, 2020

TO: Karolyn Kent

CC: Katie Brown, Marc Heirshberg, RJ Zeder, Curt Albright, Zac Kocaja, Valerie Ahjong, Andrea Moore

FROM: Beth Huning, City Engineer

SUBJECT: June 8, 2020 Lehi Public Meeting regarding the North Center Athletic Fields Project, Project No. CP0915

An outdoor public meeting was held on Monday, June 8, 2020 at the residence of Kim Warden, 424 E Lehi Road, Mesa, Az. The topic of the meeting was the City's North Center Athletic Fields project located North of McKellips and Center. City staff and elected officials included:

Mayor John Giles
Vice Mayor Mark Freeman
Katie Brown, District 1 Council Assistant
Marc Heirshberg, Director of Parks, Recreation and Community Facilities
RJ Zeder, Director of Transportation
Beth Huning, City Engineer

The meeting started at 7 pm. A resident provided a portable PA system for questions and answers. The attached fact sheet and packet were handed out and an attendance slip was provided. Twenty-one attendance slips were completed and turned in at the meeting. A listing of those residents is attached in alphabetical order and a map is also attached showing their residence location as it relates to the project location. Not all residents completed the attendance slips, however, Katie informally counted those in attendance shortly after the meeting started. She counted over 80 in attendance at the meeting.

Vice Mayor Freeman opened the meeting. The Vice Mayor and Mayor explained the history of the site and the development requests for this site including a high-density residential development and a private waste management facility. The Mayor also explained that the City purchased 5 acres back in 2002 for an administrative office for PRCF. The City is in the process of buying the adjacent 19 acres for a total site of 24 acres to build up to six athletic fields depending upon available budget. The Vice Mayor explained that he supported the park because he feels it is in keeping with the character of Lehi with the large open grass fields and it is a much better option than those being proposed by private developers. He also explained that this project was

part of a voter-approved 2018 bond package. He opened it up for questions and comments. The concerns and questions were generally as follows:

1. Some of the residents said they were unaware of the project and were concerned they had not been advised prior to the bond election. The Vice Mayor did remind everyone that it was on the public ballot and that he had also covered the project at the Lehi community meeting this past year.
2. They are concerned that the fields will bring in many outside vehicles and that those people will use Lehi Road to access the site. They are concerned about the noise, the traffic, and the speeding these fields might bring. They believe that people will exit the freeway at not just Country Club but Gilbert too and use Lehi Road to access the site. RJ indicated that he does not believe that this will be the case but that we will take traffic counts before and after construction. He also directed them to the City's website for current traffic counts if they are interested. If there are issues with the traffic counts, we will then look at what can be done to address the traffic on Lehi Road and Center Street. RJ also explained that we would be installing a 'pork chop' at the exit to the park with signage to direct those exiting the park south to McKellips Road. He directed their attention to the picture in the handout as an illustration. Several expressed concerns regarding speeding down Lehi Road, stating speeds of 56 mph and 66 mph are not uncommon. Others asked if there was a way to keep the trucks out of the area. There are signs at the four way stop saying no trucks, but they say they still get trucks. There was a request to consider providing access to the park from Country Club. RJ indicated that this is getting close to the ADOT interchange and they may not allow it. However, we would look at it. Some requested that Lehi Road be cul-de-saced. However, RJ said it may not be impossible but in general Transportation does not like to do this because it creates other nuisance issues like illegal dumping. Some were concerned that it was too late to look at traffic after the fields are built. However, the Mayor and Vice Mayor indicated that the City would look at it and consider options like cul-de-sacs or other deterrents at that point.
3. They were concerned that the City and ADOT had plans to build an off ramp at Mesa Drive. RJ and the Mayor and Vice Mayor assured the residents that we did not have any plans to build this ramp and there is not any funding set aside for this.
4. They expressed concerns about the lighting. Marc directed them to the exhibit in the packet. He discussed the change in lighting over the years and explained the new LED light technology that controls light spillage. He also explained that the field lights are on a timer and they go off automatically at 10 pm and cannot be overridden by coaches. Marc also directed those in attendance to Fiesta Sports Park and Eagles Park as examples of where the new lighting has been installed.
5. The property owner (Patti Ainsworth) at the northeast corner of our site wants a block wall to screen them from the site.
6. Several suggestions were made for the City to consider on how to develop the site:
 - Split it into one-acre parcels and sell it as homes.
 - Turn it into an equestrian park similar to what Queen Creek has done.
 - Build an equestrian trailhead.

- Put in a playground or something for the Lehi community in the park. A discussion was held about how many might favor a playground and reduce fields to five. Vice Mayor asked for a show of hands and it seemed like many favored this.
7. They asked about concessions stands, scoreboards, concerts, and other activities. Marc explained that this was for sport fields. There was not concession stand, only a small restroom. He did explain that we have hook ups for food trucks, so spectators do not have to leave the site and explore the neighborhood looking for food when larger tournaments or game days are onsite. The fields will not have scoreboards or sound systems and we will not have concerts. He also explained that the fields are by reservation (no drop ins) and are fenced and secured to address drop ins. He noted that we typically see field reservations from 3 pm to 10 pm on weekday nights for practices and weekends 8 am to 10 pm for games.
 8. There was a question regarding how the funding was split into multiple years. They wanted to know if we are phasing this project or have plans to expand into multiple phases in upcoming years. Beth explained that this is one project with a \$17.7 million, however, it takes a year to design and at least a year plus to bid and construct so we break the funding into multiple fiscal years in the CIP budget to provide the money in the years we anticipate the expenditures.

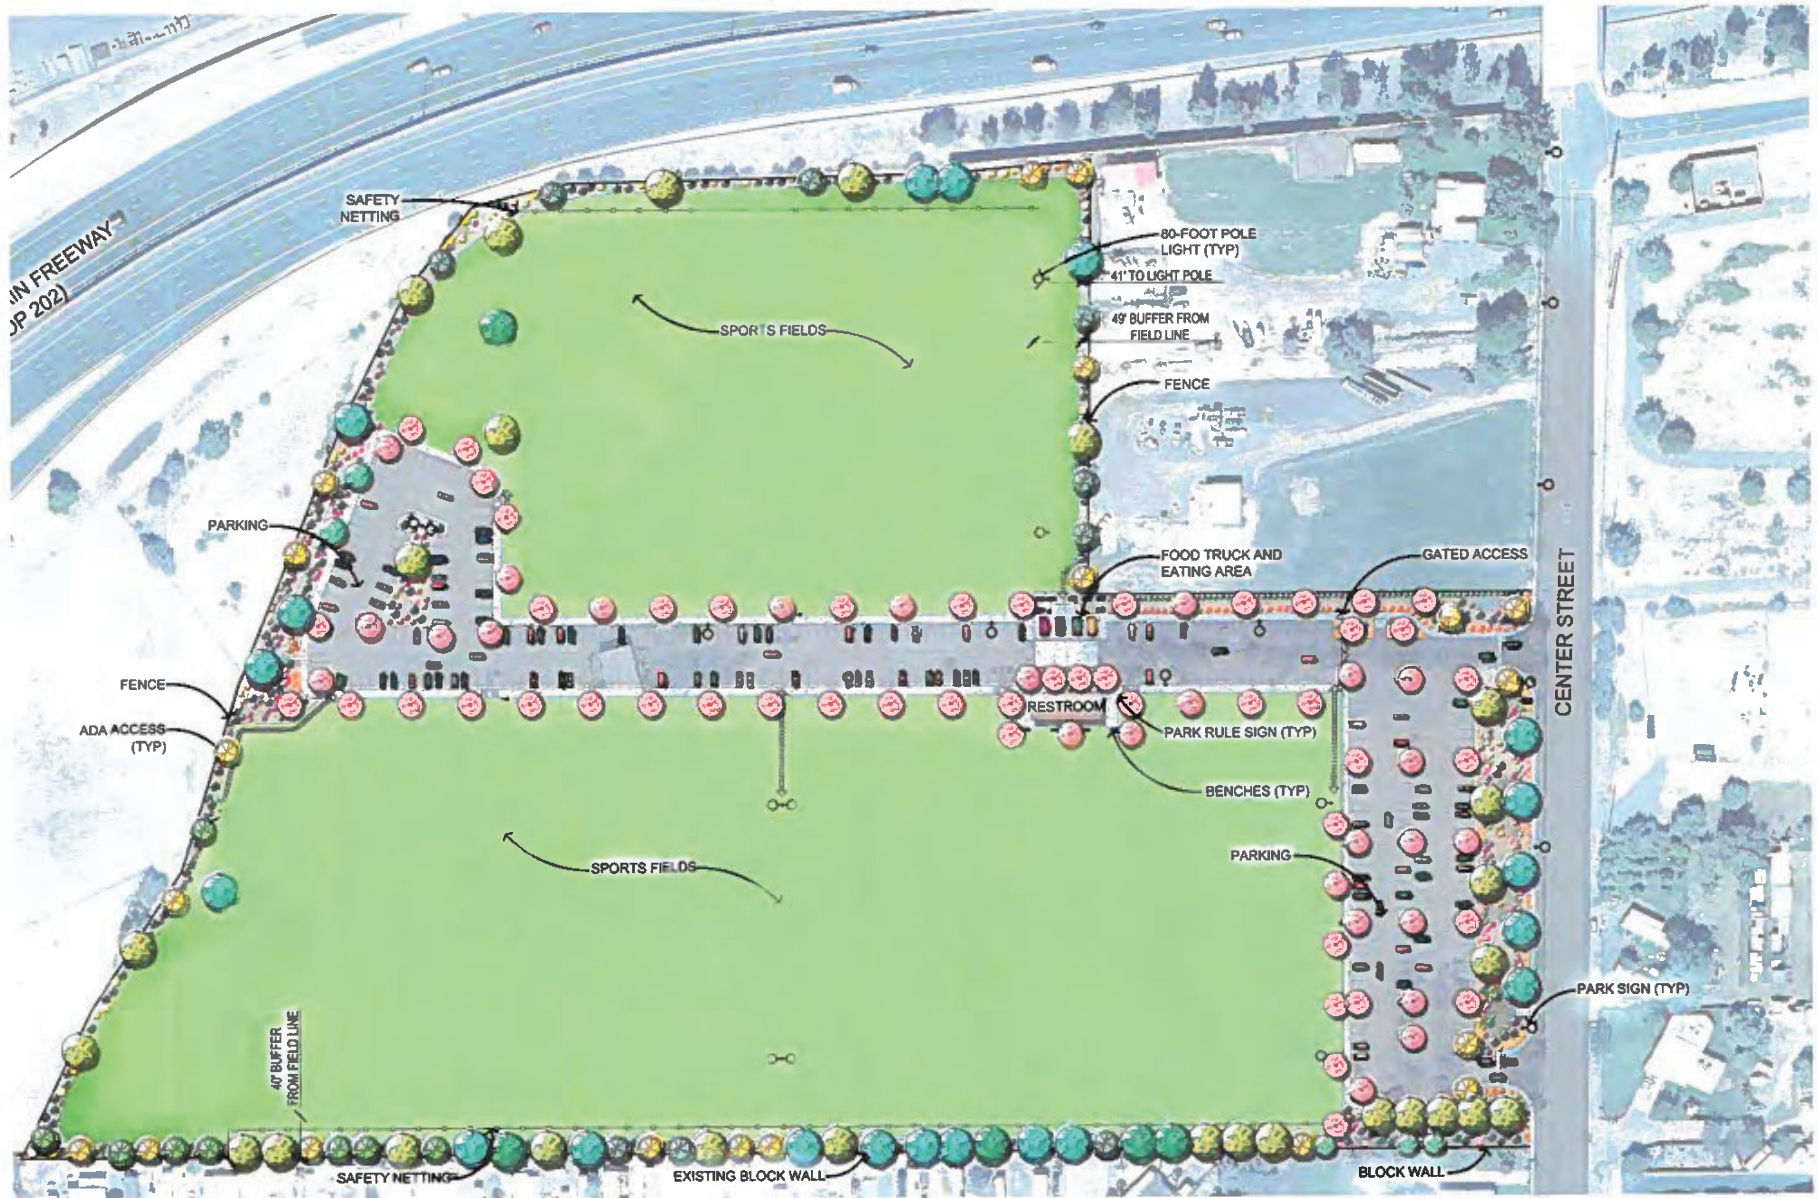

In summary, the Vice Mayor indicated that we would be working with the Lehi Board to involve the community and he had them introduce themselves. The meeting adjourned after dark at approximately 9:30 pm.

North Center Street Athletic Fields Fact Sheet

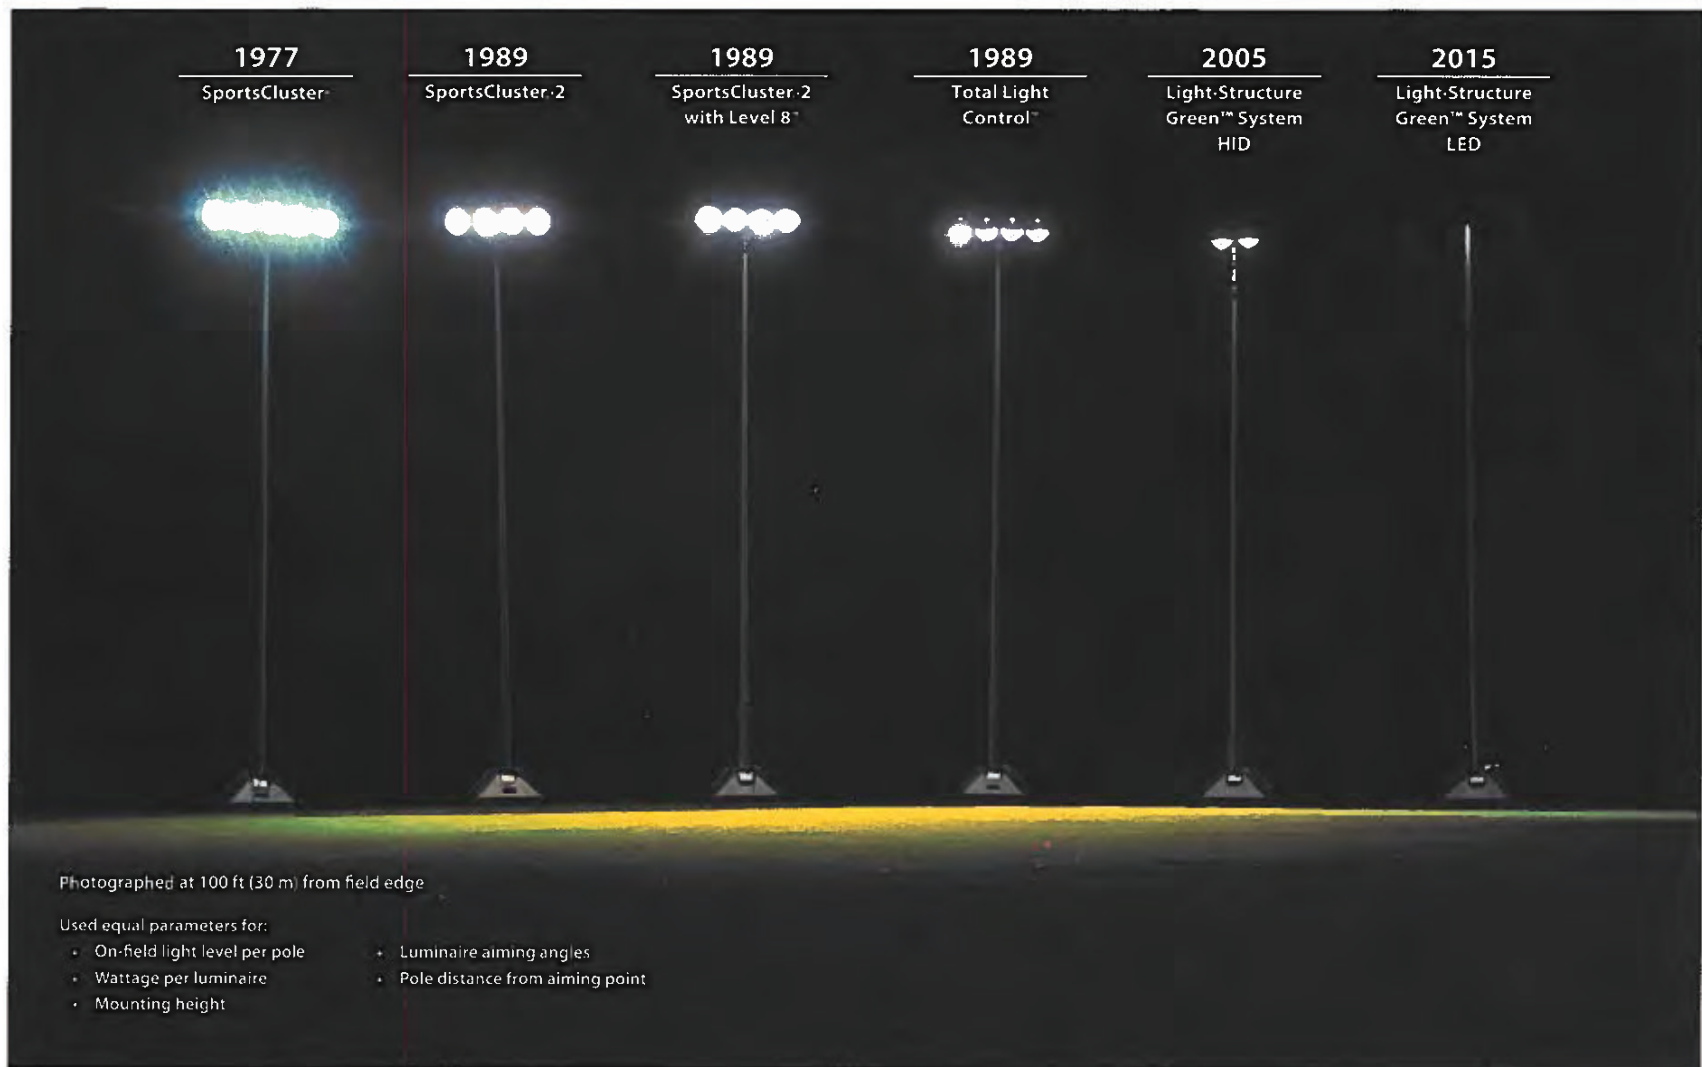

Project Timeline *Design: Spring 2020 – Fall 2021*
Construction: Summer 2021 – Fall 2022

- Parcel is 24 acres. Park name is still being discussed.
- There will be no more than 6 sports fields. Final field count will be determined based on the available construction budget.
- Fields will be secured with a perimeter fence and are available for use by reservation only. When fields are in use, a City representative will be onsite serving as a site supervisor.
- Park hours are sunrise to 10 p.m. We typically see field reservations on weekdays from 3 p.m. – 10 p.m. and weekends 8 a.m. – 10 p.m.
- Fields will have state of the art LED-lighting so light will be directed entirely on the fields. Comparable lighting exists now at Fiesta Sports Park (8th Ave & Extension) and Eagles Park (2nd Ave & Horne).
- There will be a Restroom Building.
- There will be no Concession Stand. Space is planned to allow for food trucks.
- There will be no Sound System or Scoreboards.
- A "Pork Chop" will be installed at the park exits to encourage exiting traffic to travel south on Center, along with signage of "Right turn only."
- Landscape buffer on south boundary is 40 feet wide and will be lined with safety netting and trees.
- Center Street improvements include widening to add an additional southbound lane from the park extending south to McKellips.
- Project is funded by the 2018 General Obligation Bond as approved by voters in November that year.
- \$17.7m allocated for this project which includes land acquisition, design, and construction.
- Soil excavation study begins on 6/8/2020. It is anticipated that this work will last for two weeks.
- Overall site construction has been delayed until a Summer/Fall 2021 start. This delay allows for completion of the soil study, research into design considerations, and to allow more time for discussions with the neighborhood and potential sports groups. Opening of the park is now planned for late Fall 2022.
- Opportunities for public input to date: November 2018 election, 2/25/2020 neighborhood meeting, 3/18/2020 Lehi community meeting by phone

Subject: RE: Lehi meeting

Hello Kim –

Thank you for your email and your commitment to the Lehi Improvement Association

I would like to suggest that as a board member you work directly with the Lehi board to go over some of the traffic concerns and reasonable ideas that came out of the community meeting. I would recommend you gain a majority consensus on what the Lehi community would like to bring forward to the city for consideration. Currently the city has no plans to hold another community meeting but will take any formal submission from the Lehi board into account as we continue the plans for the development of sports fields.

As stated previously, it is important to remember that this is a project that was approved by all Mesa Voters in 2018. I have attached, for reference, the 2018 Bond Information Guide. Page 9 references the Center Street Fields and page 11 references the exact location. As a local of Lehi myself I am aware and sensitive to the concerns of all of the Lehi residents. You should be aware, that this project sits outside of the Lehi Sub-Area and therefore I have a commitment to listen to all the citizens of west Mesa as well as the entire city.

I have reached out to the Red Mountain Police Commander as well as our Central Police Commander to help increase patrols on Lehi Road to address some of the speeding concerns brought forward. I will also ask the transportation department to consider a new traffic and speed study and research Old Lehi Road between Center Street & Country Club and perhaps an entrance off of Country Club into the park. All of this is dependent on other agencies.

I firmly believe that this will be a long term benefit to the Lehi area and it will continue to provide open space and maintain a healthy lifestyle that is important, all while minimizing future high density development in the area.

Kind Regards,
Mark Freeman
Vice Mayor

Subject: Re Lehi meeting

Thank you again for calling and attending the community meeting. It was passionate and a lot of great questions were asked. I think at this point, with the number of folks(60-70) in attendance in addition to the 100 plus folks who spoke against this park on the informal petition, we need to hold tight on building of this park until the community can reach a consensus. If more than half of Lehi is simply opposed to this park, then we need to have a couple weeks to be able to bring viable alternative solutions to the table. If concessions, such as a single soccer field being given into a park for community use, block walls and research into other ingress/egress options will satisfy the community, then we need to establish that first.

Right now all we can say for certain is that a large portion of the community is at odds and the board needs to gain consensus.

I have asked the board call a community meeting here within the next week so that community members may gain a general consensus on what a reasonable solution looks like.

It would be nice at this point to have city leaders respond and communicate to my emails.

One of the primary concerns aside from traffic impact at the meeting was lack of informing, and as a board member I cannot do that without information.

My last several emails to Councilman and Mayor have been ignored, or replied to with boiler plate responses, even though I was attempting to inform on what was happening within the community and actively seek solutions. This is obviously an important issue for this community and communication and inclusion is appropriate.

Brian Durham, chair, has other obligations but will continue to participate. I am the only other committee member so far as I know here until we can get residents and possibly other board members involved! Committee meetings have been attended by Brian and myself only.

As much as I would like to focus on the Lehi Aviation committee, I realize this is time sensitive and is a very important issue for a lot of folks.

Would like to

1. Gather community for consensus
2. Set date for a meeting with city officials to communicate and negotiate on behalf of the community.
3. Find solutions that work to satisfy both Lehi and the city of Mesa.

Again, thank you so much for your time spent attending and considering Folks of Lehi! I genuinely hope everyone gained a clear view on the importance this issue holds in our community. I will be happy at the resolution, to see our community come together and applaud the care and concern their leaders have shown them!

Sincerely,
Kim Van Riper

A board meeting is fine, but I am not in favor of having another community meeting anytime soon.

On Tue, Jun 9, 2020 at 9:09 PM Otto Shill Home <Oshill@cox.net> wrote:

Respectfully I disagree. If Kim is to be believed, there are quite a few people who want input. I suggest we (the Board) hold the meeting without Mark or anyone from the city and see if we can get some majority votes on some ideas about the project. That way people can't complain that they weren't involved.

Mark,

I don't think that we need to do another community meeting soon. I think we need to meet to go over some of the traffic concerns and legitimate ideas that came out of the meeting. I would also like to know how the transportation people come to their conclusions. I assume that since they have been doing this for their livelihood that they have some models or other ways to calculate traffic and I think it would be good to look into the logic.

Thanks, Rolland

Hi Bro Freeman, thank you for inviting us to the meeting last night. It gave me a lot of respect for all that you do.
Thank you.

I am interest in joining the working group if you need another volunteer.

The main constructive takeaways from the meeting that I got are :

1- concern about increased traffic. I believe this could

be addressed by looking at a similarly sized soccer facility and comparing the traffic to a similarly sized high density housing unit traffic. My hunch is that it is going to be favorable towards the soccer facility versus the high density unit.

2- insufficient parking and people parking on the streets.

3- not in keeping with Lehi agrarian theme

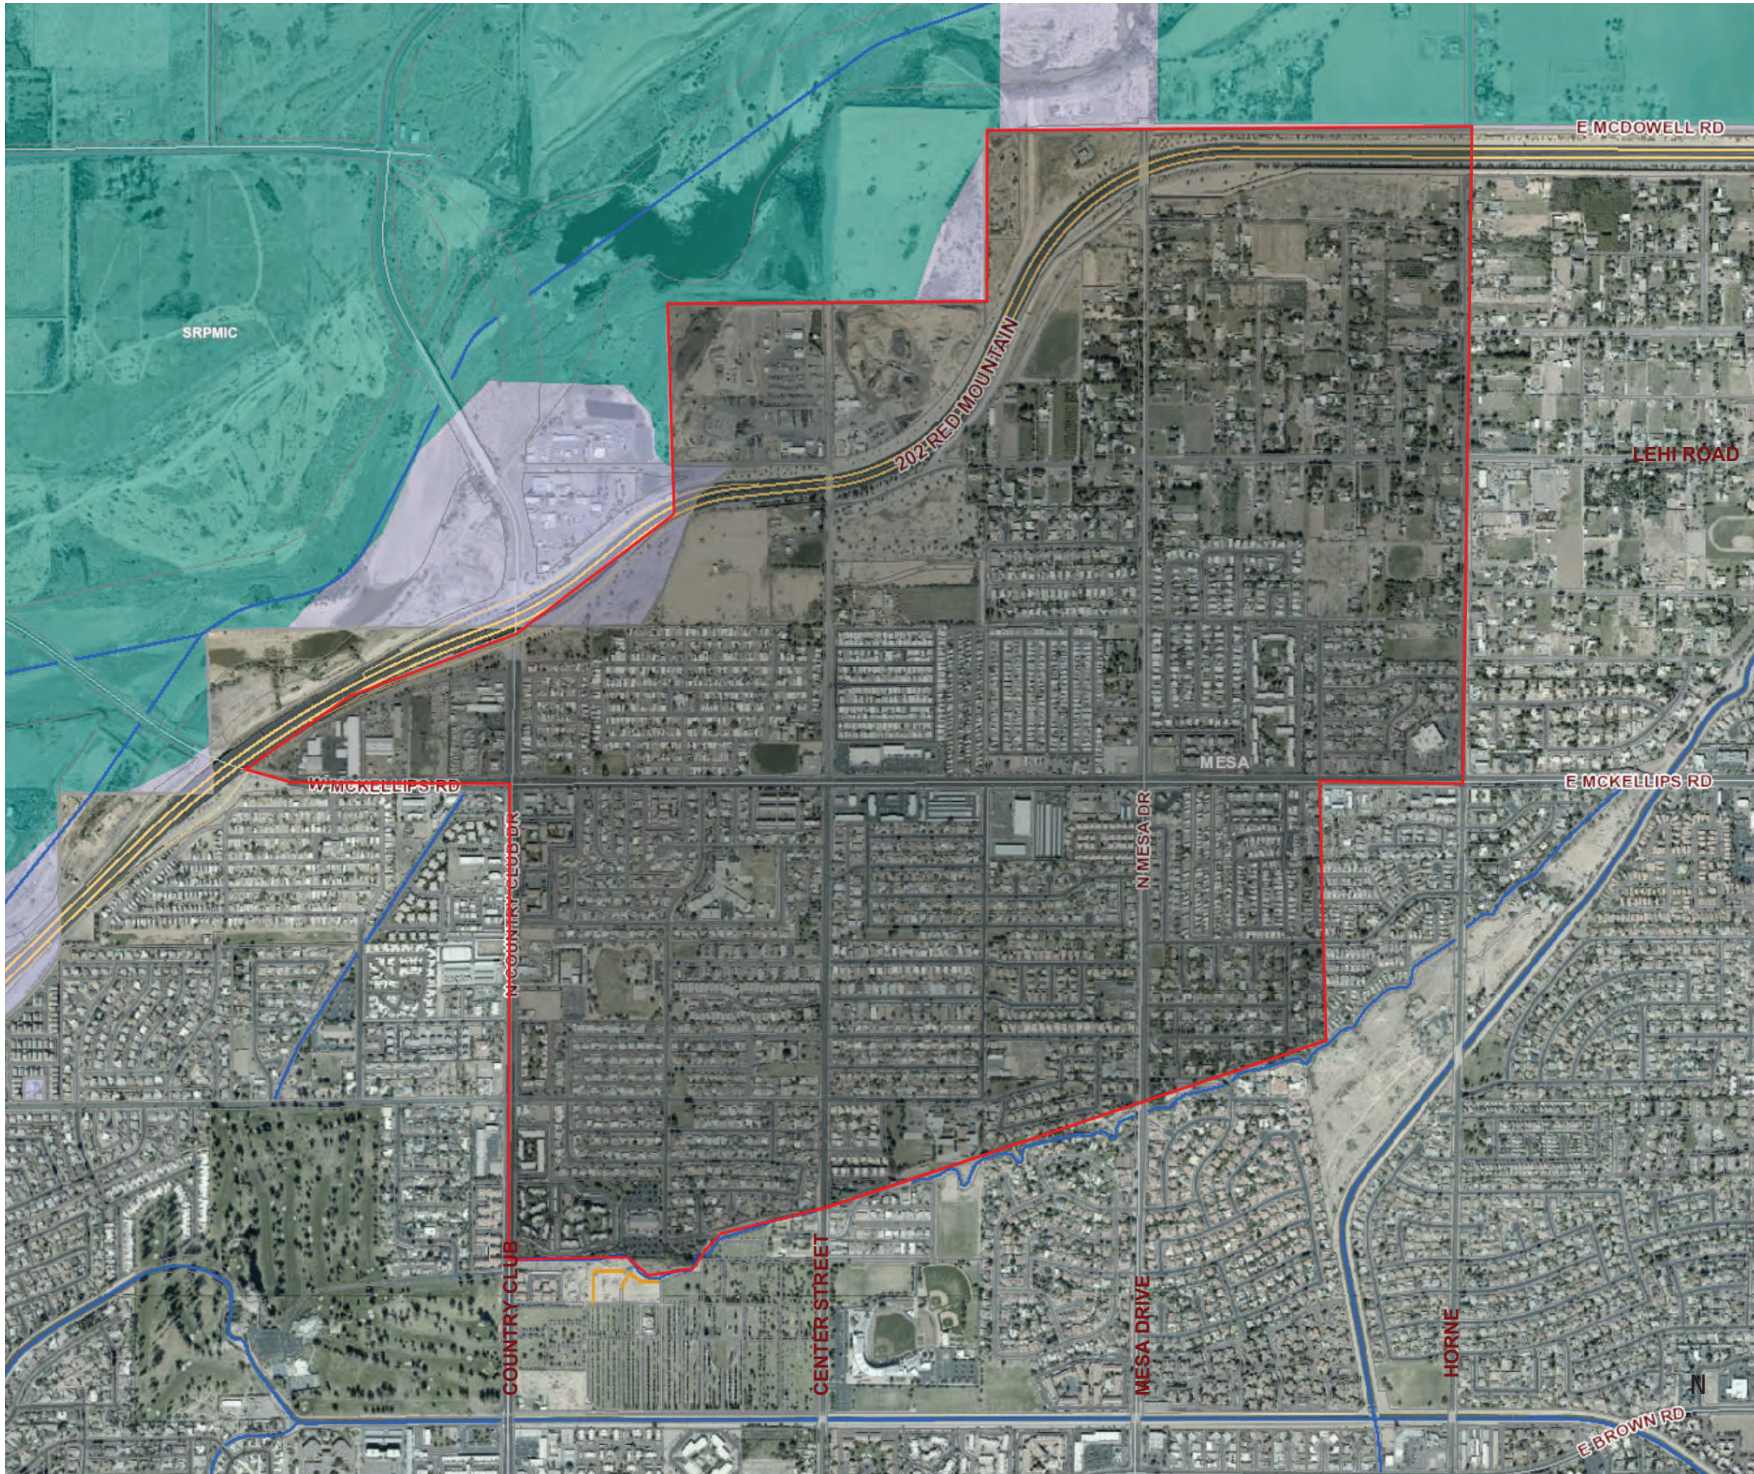

4- primarily geared to those who are in organized sports teams- not just public at large.

5- funding with debt during this time may be unwise with the economy potentially turning down.

Number 5 I don't have enough knowledge of our city's revenue streams to make an informed decision on, but I can appreciate wanting to be fiscally conservative. I also understand that the funds were voted for and providing 6 fields versus 5 is better for the city as a whole.

2, 3, and 4 I believe can all be addressed by looking into lowering it from 6 fields to 5 fields and converting the "sixth" field to a few more parking spaces, a horse riding path along the outside edge of the park and maybe a community round pen, and a little agrarian themed play area for kids (I'm thinking 6 of those ride-on little horse with springs with a small climb on structure that looks like a wagon or stage coach).

e i n

It's time to hear from you. Please submit comments and questions by using the chat window on your screen to enter questions or comments.

The panel will then read them aloud and respond.

r n R e

1. Please keep question/comments relevant and specific to this project.
2. Please keep questions/comments/concerns as specific as possible.
3. Please do not use inflammatory language in your comments, if used it may result in attendee(s) being removed from the meeting.

At anytime during the presentation you can use the "Chat" option to submit your questions and comments.

Thank you for participating in this design process and providing your feedback. If you have additional comments regarding the items presented you can contact us the following ways:

1. Add your comments in the survey that will pop up when you exit the meeting (The survey will also be emailed to you if you wish to answer it later).
2. Fill out and mail or email a comment card. They're located in the attachments to this meeting.
3. Email us directly at Engineering.Info@MesaAZ.gov - Please reference "North Center Sports Fields" in the subject line.
4. Contact Curt Albright with the City of Mesa, Engineering Public Relations group at 480-644-3800.

The Deadline for comments is November 30th

Thanks everyone for attending and have a great night!

At anytime during the presentation you can use the "Chat" option to submit your questions and comments.
