

Submittal and Review Process for Code Interpretations

The wording and requirements of the zoning ordinance can be complex. If you have a project and the zoning ordinance requirements are not clear, a person may request an official interpretation from the Zoning Administrator.

The interpretation process starts by contacting the Zoning Administrator at 480-644-2181, or by [email](#) to ask for an informal review and interpretation. This will result in a verbal explanation as to the application of the particular code. Should a more formal, written interpretation be needed, a request for the interpretation must be in writing. There is no application or standard review process. the interpretation made by the Zoning Administrator may be appealed to the Board of Adjustment.
