Each firefighter has been trained on the type of hose, the type of nozzle, and the location of the fire hose for optimum efficiency and effectiveness when responding to emergencies.

The Fire and Medical Department and Purchasing recommend awarding the contract to the sole source distributor, L. N. Curtis & Sons, at \$150,000 annually, with an annual increase allowance of up to 5%, or the adjusted Consumer Price Index.

- \*4-k. Purchase for One Airless Paint Line Striping Machine (Addition) for Falcon Field Airport (Single Response). **(Citywide)**

This purchase will provide an airless paint line striping system plus self-propel system. Falcon Field Airport has determined it is more cost effective and timely to have their own line striping equipment and perform the important function of line striping in-house. The

Airport is required to comply with visibility requirements as stipulated by federal and state agencies for airfield striping and marking, and requires high visibility painted lines for required demarcation on airfield paved surfaces.

Falcon Field Airport and Purchasing recommend awarding the contract to the single, responsive, and responsible bidder, Roadsafe Traffic Systems, Inc. for \$36,500. This purchase is funded by the Falcon Field Fund.

- \*4-r. Use of a Cooperative Contract for the Purchase of a Forklift (Addition) for the Transportation Department. **(Citywide)**

Transportation is requesting a forklift for use at the East Mesa Service Center. Currently, Transportation staff will use a forklift from either Fleet Services or the Warehouse, when needed, but demand for the use of a forklift by all three areas has significantly increased, creating a need to add a forklift.

The Fleet Services and Transportation Departments, and Purchasing recommend authorizing the purchase using the State of Arizona cooperative contract with Arnold Machinery for \$38,417.16. This purchase is funded by the Local Streets Fund.

- \*4-s. One-Year Term Contract with Four Years of Renewal Options for Streetlight and Traffic Signal Poles, Mast Arms, and Anchor Bolts for the Materials and Supply Warehouse (for the Transportation Department). **(Citywide)**

- \*4-v. Ratification of Emergency Purchase for a Centrifuge Scroll (Replacement) for the Water Resources Department. **(Citywide)**

This emergency purchase provided a replacement thickening centrifuge scroll at Northwest Water Reclamation Plant. Given the 26 to 30 week lead time to manufacture a new scroll, and that we are already 12 weeks behind schedule for placing an order due to protracted contract negotiations between the City and GEA, the order needed to be placed immediately. It is critical to avoid reaching the end of service life on the current scroll to maintain ongoing treatment operations at the plant.

The Water Resources Department and Purchasing recommend ratifying the purchase with GEA Mechanical Equipment US, Inc., at \$400,000.

**\*4-w. Queen Creek Road High Pressure Gas Line Phase B2 Project. (Town of Queen Creek)**

This gas line project is one phase of a larger project including a new gate station supply from Kinder Morgan and a new gas line to help serve the area. Staff recommends awarding a contract for this project to the lowest, responsible bidder, Arizona Pipeline Company, in the amount of \$2,326,769.71, and authorizing a change order allowance in the amount of \$232,676.97 (10%), for a total amount of \$2,559,446.68.
