Type:	Contract	In control:	City Council
On agenda:	5/22/2017		
Title:	Two-Year Term Contract for Sludge Screen Machine Rental for the Water Resources Department (Citywide)		
	<p>This contract will provide the long-term rental of a Sludge Strain Press Unit at the Greenfield Water Reclamation Plant. The pilot use of the technology has far exceeded the expectations of the plant staff in reducing/stopping current hair and ragging issues. Staff will continue to use the technology and will integrate it into the solids process on a semi-permanent scale, with full implementation at the Phase III expansion, which is in approximately 24 months.</p> <p>The Water Resources Department and Purchasing recommend awarding the contract to the lowest, responsive and responsible bidder, Huber Technology, Inc., at \$134,956.80 for a 24-month term. This contract is 58% (\$78,274.94) funded by the Towns of Gilbert and Queen Creek and 42% (\$56,681.86) funded by Mesa.</p>
