One-Year Term Contract for Firewall Replacement Services and Parts for the Police Department (Citywide)

The Police Department's Information Technology Division is requesting a contract for services and parts to support their Firewall Replacement Project. Hye Tech Network and Security Solutions started an evaluation of this project in May 2017 and has provided a statement of work for a logically phased implementation plan.

The Police Department and Purchasing recommend authorizing the purchase using the 1Government Procurement Alliance cooperative contract with Hye Tech Network and Security Solutions, LLC, at \$75,000 annually, based on estimated usage.
