Three-Year Term Contract with Two Years of Renewal Options for Slurry Seal Sand for the Transportation Department **(Citywide)**

The Transportation Department has been using slurry seal sand for over 20 years to seal Mesa's road surfaces. The sand seals, enriches weathered pavements, fills fine cracks in the pavement surface, and provides additional skid resistance to the pavement while inhibiting raveling.

The Transportation Department and Purchasing recommend awarding the contract to the single, responsive, and responsible bidder, Calmat Company, dba, Vulcan Materials Company, at \$690,000 annually, with an annual increase allowance of up to 5%, or the adjusted Producer Price Index.
