### Use of a Cooperative Contract for the Purchase of a Forklift (Addition) for the Transportation Department (**Citywide**)

Transportation is requesting a forklift for use at the East Mesa Service Center. Currently, Transportation staff will use a forklift from either Fleet Services or the Warehouse, when needed, but demand for the use of a forklift by all three areas has significantly increased, creating a need to add a forklift.

The Fleet Services and Transportation Departments, and Purchasing recommend authorizing the purchase using the State of Arizona cooperative contract with Arnold Machinery for \$38,417.16. This purchase is funded by the Local Streets Fund.
