File #: 23-0048, **Version:** 1

Purchase of One Portable Chemical Identifier (Replacement) for the Mesa Fire and Medical Department (Sole Source) (Grant funded) **(Citywide)**

This purchase will provide one hand-held Raman chemical identifier used to identify unknown chemicals. Mesa Fire and Medical Department HazMat Technicians will use this meter to identify any material on the scene of a substance deemed immediate danger to life and health.

The Mesa Fire and Medical Department and Purchasing recommend awarding the contract to the sole source vendor, FarrWest Environmental Supply, Inc. at \$60,000. This purchase is grant funded by the Arizona Department of Homeland Security.
